

# CROP INSURANCE SUBMITTED

## CONFISCATION OF LARGE AMOUNT OIL SOUGHT BY MC CRAW

OIL WAS ALLEGEDLY PRODUCED IN EAST TEXAS IN EXCESS OF ALLOWABLES

AUSTIN, Feb. 18.—(AP)—Attorney General William McCraw filed suits today for confiscation of 1,732,311 barrels of oil allegedly produced in East Texas in excess of allowables fixed by the Railroad Commission.

C. V. Terrell, chairman of the commission, said that group was co-operating in the drive to sweep East Texas clean of hot oil.

McCraw said the suits were filed in a Travis county district court as a result of information gathered by commission agents which revealed allegedly excess crude stored in 54 open pits and 33 steel tanks in Gregg, Smith, Rock and Tarrant counties.

The suits were directed against 1,069,821 barrels of fuel oil or reduced low gravity crude, 459,131 barrels of weathered crude and 167,357 barrels of crude of a gravity comparable to that of fresh East Texas crude.

Many Defendants.

McCraw said each suit was filed primarily against the oil. Also named were approximately 150 defendants many of whom, he said, probably would not claim ownership. They were named because of ownership of property upon which the oil was stored.

In a joint statement the attorney general and commission chairman said the suits would place "virtually all hot oil in East Texas under jurisdiction of the court, thus preventing litigation, instituted by claimants of the oil, seeking to move it."

One receiver will be asked for the entire amount of oil described in the 27 petitions and will be compensated on an expense basis only, it was stated.

Meantime McCraw will push through the appeal courts two pending cases in which constitutionality of the hot oil confiscation law will be tested.

"Should the courts, in these two cases, uphold the law," McCraw said, "the state will be able to retain custody of the oil until it can be sold for the use and benefit of the state's general fund."

See CONFISCATION, Page 12

## SECRETARY WALLACE DECLARES FARM PLAN TO INJURE NO ONE

AINING MAN AT BOTTOM DOES NOT HURT MAN AT TOP, HE SAYS

WASHINGTON, Feb. 18.—(AP)—Secretary Wallace and the house agriculture committee chairman differed widely today on how soon purchasers should get title to land they would buy through the government under the proposed farm tenancy program.

Wallace argued at a committee hearing that the government should keep control for 20 years to establish ownership on a permanently strong basis.

The committee chairman, James (D-Tex.) Hays, sponsored a bill which would give a tenant conditional title as soon as 25 per cent of the cost of his land to the government and complete title as soon as the full purchase price was paid.

"I feel very deeply," Jones said, "that the transfer should be made as soon as the farm is paid for. I think we should encourage the most ambitious class of tenants if the government held control for 20 years."

"This idea of holding title was brought forward," Wallace said, "by those who wish to get away from the evils of the old homestead policies. It would give the tenant only a leasehold on the land ownership. He soon would

## Doings of Congress

(By The Associated Press)

**TODAY, Senate.**

In recess.

Joint committee continues study of departmental reorganization.

Interstate commerce committee continues investigation of labor espionage.

**House.**

Resumes debate on treasury postoffice appropriations.

Interstate commerce committee considers strengthening federal trade commission act.

Agriculture committee resumes hearings on farm tenancy legislation.

Immigration committee continues study of protection for American artists and musicians.

Ways and means committee studies amendments to coal control bill.

**Yesterday.**

Senate passed billion dollar independent offices appropriation bill.

House passed minor bills.

## Died Early Thursday

W. C. Proctor, (above) pioneer in the petroleum industry of Texas, died at his home in Dallas early Thursday, and burial will be Saturday from City Temple, Dallas.

Mr. Proctor came to Corsicana in 1895 and entered the oil business with the H. S. Cullinan company, and remained with that company's successor until he retired as vice president and treasurer of the Magnolia Petroleum company in 1932.

## W. C. PROCTOR, RETIRED MAGNOLIA OFFICIAL, IS DEAD

PIONEER TEXAS OIL INDUSTRY PASSED AWAY EARLY THURSDAY IN DALLAS

W. C. Proctor, 70, retired vice president and treasurer of the Magnolia Petroleum company, died at his home in Dallas early Thursday morning.

Surviving are his widow, Mrs. Martha Steward Proctor, Dallas; and two sisters, Mrs. Ralph Mitchell and Mrs. George Fleming, both of South Easton, Mass.

At the time of his retirement, Mr. Proctor had completed 43 years service in the petroleum industry. He came to Corsicana in June, 1898, with the J. S. Cullinan company, and remained with the company and its successor until his retirement, June 1, 1932.

Funeral services will be held at City Temple, Dallas, Saturday, Feb. 20, at 2 o'clock, with Dr. Floyd Poe, pastor of the church, officiating. The body will lie in state at City Temple from noon Saturday until the time of the funeral. Burial will be made in Oakland cemetery.

Palbearers will be E. R. Brown, W. E. Francis, R. R. Mitchell, D. A. Little, L. S. Sinclair, W. L. Holmes, D. L. Cobb, E. N. Johnson, Courtney Marshall, M. J. Norrell, Murphy M. Williams, John H. Henry, E. P. Angus and C. R. Stewart.

Born in Pennsylvania, Mr. Proctor was born about seven miles from New Castle, Lawrence county, Pennsylvania, on October 16, 1866. He was employed in the Emulcon Bank at Lancaster, Pa., until 1895.

## USUAL NUMBER OF INVESTIGATIONS IN BRIDGE TRAGEDY

TEN WORKERS LOST; STATE OFFICIALS AND BRIDGE BUILDERS DISAGREE

SAN FRANCISCO, Feb. 18.—(AP)—Investigation was conducted today into the 200-foot death plunge of 10 Golden Gate bridge workers from a collapsing scaffold.

State officials said the scaffold was twice declared unsafe. Bridge builders asserted it never was criticized.

The 10-ton movable structure, suspended on wheels beneath the giant span, fell without warning when a wheel slipped from a girder on which it ran, tilting the scaffolding into its fatal plunge.

It crashed into a safety net, tore out a whole section of the net, and plunged into the water. Several victims were tangled in the costly rope net, built to save them if they fell while working.

Only one body had been recovered early today; the other nine presumably were tangled in sunken wreckage or carried far away by swift tides which sweep in and out the harbor entrance.

Officials of the Pacific Bridge Co., who expect to complete the \$35,000,000 structure in May, listed the following as victims of the only major construction accident so far:

Gustave Dummitzen, whose body was recovered by W. W. Bass, Chris Anderson, Charles Lindros, E. Hillen, T. Hallinan, Jack Norman, Nol Flowers, C. A. Anderson, O. Dester.

**Two Men Rescued.**

Nearly broke rescued Oscar Osberg and E. C. Lambert, who

## SENATE CONSIDERS EXTENSION TEXAS' PRORATION LAWS

ARGUMENTS ARE CENTERED ABOUT AMENDMENT FOR SUITS IN HOME COUNTIES

AUSTIN, Feb. 18.—(AP)—The senate debated all morning and then ordered afternoon consideration of a bill already passed by the house of representatives extending Texas' oil and gas proration laws to Sept. 1, 1939.

Arguments centered on an amendment by Sen. Joe Hill of Henderson providing confiscation and penalty suits should be brought in home counties of defendants instead of Travis county.

Hill charged that in over 50 per cent of confiscation suits brought up to Sept. 1, 1936, the suit was filed, answered and judgment given on the same day and in most instances the oil was purchased by the defendant.

The house of representatives heard many testimony in the context brought by E. E. Hunter against seating J. K. Russell as representative from the Cleburne district and then passed a senate bill exempting fraternal associations from insurance taxes.

The house also began floor consideration of its committee substitute for a senate enabling act for the constitutional amendment creating a new pardon and parole board.

An amendment locating the board in Austin, favored by the senate, was tabled, 64 to 54. The house will call for location at Huntsville, site of the main penitentiary.

## Increased Sulphur Tax Given Approval

AUSTIN, Feb. 18.—(AP)—A proposal to increase the tax on sulphur from the current \$1.03 to \$2 a ton today was on the list of revenue-raising bills approved by the house of representatives revenue and taxation committee.

The sulphur tax proposal, by Rep. Albert Lebrun of Georgetown, late yesterday joined a recommended 700 per cent tax increase on corporation franchises and a bill to boost the oil tax.

See LEGISLATURE, Page 8

## Midway Couple Found Shot Death At Supper Table

BRECKENRIDGE, Feb. 18.—(AP)—F. L. Steward and his wife were found shot to death, their bodies sprawled down from a supper table, late last night at Midway, a village seven miles east of Breckenridge.

Coroner J. W. Castleman decided the Stewards had slain each other. He said the wife was killed with a bullet through the brain.

Mrs. Steward, teacher in the county school for the last 14 years, was engaged as a teacher at Midway. She was married to Steward last August.

Frank Roberts, Breckenridge attorney, said Mrs. Steward recently had retained him for legal purpose of filing suit for divorce.

## DANNY NICHOLSON SELLS ICE CREAM FACTORY TO SWIFT

NEW OWNERS WILL TAKE IMMEDIATE POSSESSION OF LOCAL PLANT

Danny T. Nicholson, owner for the past four and a half years of Nicholson's Creamery, manufacturers of Velvet Ice cream, announced today that Swift and Company of Chicago, had purchased the business and would take over operations at 6 o'clock Thursday evening. The deal, he said, was closed Monday in the Fort Worth offices of Swift and Company.

At 2:45 Thursday afternoon officials of Swift and Company had not arrived in Corsicana, and details of their plans for the plant's operation in the future were not available. It is likely Mr. Nicholson will remain with the plant for several weeks.

Included in the sale were the modern plant at 120 West Second avenue, five wholesale trucks and routes and one retail store in Corsicana. Mr. Nicholson has been covering a wholesale territory south as far as Brownsville, Texas, west to Mr. Calm and north to Ferris. Eighteen persons are employed by the company during the summer months, while a regular staff of 10 is kept during the off-season.

Mr. Nicholson entered the ice cream business with Frick company here several years ago, and later was made manager of the same plant for Son-Ten Creameries, which position he held for two years. Four and a half years ago he went into business for

## SUB-COMMITTEE TO STUDY DEMANDS OF SOFT COAL MINERS

COAL PRODUCERS ESTIMATE MINERS' DEMANDS WOULD COST \$270,000,000

NEW YORK, Feb. 18.—(AP)—The United Mine Workers and Appalachian soft coal producers turned over their wage and hour negotiations today to a joint committee.

The full Appalachian joint conference then recessed, subject to the call of Chairman Duncan C. Kennedy of Charleston, W. Va. He probably will not bring together the full conference until the negotiating committee is ready to report an agreement or finds an agreement impossible.

The operators named the following as members of their committee: J. D. Morrow, L. E. Woods, L. T. Putnam, D. A. Reed, P. C. Thomas, Ezra Van Horn, M. L. Gravey, and Charles P. O'Neill.

The miners appointed on their committee John L. Lewis, president of the union; Philip Murray, vice-president; Thomas Kennedy, secretary-treasurer and 12 district presidents.

Soft coal producers estimated today the increased wages and shorter hours demanded by the United Mine Workers would increase the country's coal bill at least \$270,000,000.

Philip Murray, vice-president of the Miners' union, immediately challenged this figure. He told reporters the 30-hour work week and 15 per cent pay increase the

## REBEL VICTORIES REPORTED AS AIR ATTACKS KILL MANY

PORTUGAL STILL REMAINS ALOOF FROM NON-INTERVENTION EFFORTS

By The Associated Press.

Insurgent victories dotted the Spanish war map today as Generalissimo Francisco Franco's men were hurried against government troops in Asturias, southern Spain, and in the middle of Madrid and a triple air attack left many dead and wounded in Madrid streets.

While the civil war raged with renewed intensity, Portugal remained aloof from intervention efforts in London, again refusing to join 26 nations in a plan to stop foreign help from reaching Spain.

In France, however, President Albert Lebrun signed a decree prohibiting Frenchmen from joining either side in the war. The general ban on foreign volunteers to Spain is effective Saturday midnight.

Severe fighting was concentrated in the siege of Madrid. Insurgents reported they crushed a

## Schedule Social Security Taxes From Employers

AUSTIN, Feb. 18.—(AP)—State and federal officials issued today a schedule of payment of social security taxes for the guidance of employers.

R. B. Anderson, retiring director of the unemployment compensation commission, warned taxes on 1936 payrolls under the state act must be paid before February 25.

This is a nine-tenths of one per cent levy for the entire 1936 payroll, he said, and is collected by the state. Upon payment of the tax the employer then owes the federal government one-tenth of one per cent.

Internal revenue officials said the one-tenth of one per cent tax was due not later than April 1.

## GREEN AND WALLACE PROFESS TO SPEAK FOR LABOR-FARMER IN ENFORCEMENT COURT PLANS

WASHINGTON, Feb. 18.—(AP)—The American Federation of Labor and the United Farm Workers of America today behind President Roosevelt's court program simultaneously with a prediction by Secretary Wallace that farmers generally would approve it.

William Green, Federation president, said the executive council had approved today behind President Roosevelt's court program simultaneously with a prediction by Secretary Wallace that farmers generally would approve it.

The organization will campaign, Green said, to acquaint congressmen with the desires of "labor and farmer's friends for favorable action upon the president's recommendation at the earliest possible date."

## PRESIDENT LAUDS FARLEY AT TESTIMONIAL DINNER

More than 1,700 guests jammed one of Washington's swank hotels to join in recognition of the political achievements of James A. Farley, postmaster general and Democratic national chairman, at a testimonial dinner in his honor. President Roosevelt, principal speaker, paid tribute to the ability of Farley and stressed his record as a "political prophet." Here are the three principal guests, left to right, Vice President John Garner, President Roosevelt and Farley as they appeared at dinner.

## Methods of New All-Risk Crop Insurance Plan

WASHINGTON, Feb. 18.—(AP)—Here is how the proposed government all-risk crop insurance plan would operate:

A wheat farmer would apply for insurance to a local county-farmer administrative committee. The committee would check past production records of the farm, the acreage planted to wheat, and determine the amount of premiums and coverage.

If drought, grasshoppers, hail or other unfavorable natural hazards destroyed the crop or part of it, the farmer would receive up to 75 per cent of normal yield. For example, if the average yield an acre were 12 bushels, the farmer would be assured of a 9-bushel-an-acre return.

Both premiums and losses would be paid in wheat or cash equivalent, with no insurance on price of wheat. The number of bushels required to pay for protection would be determined for each farm by past records, adjusted to an area basis. Several years' records might be paid from one large crop.

## DUST FOG STILL HANGS OVER LARGE PART WEST TEXAS

VISIBILITY POOR IN MANY PARTS FROM MIDDLE OF PANHANDLE SOUTHWARD

By The Associated Press.

A dust fog of varying intensity hung today over that portion of Texas extending from Dallas west to Wink and from the middle panhandle south to San Antonio.

The pall was fanned by light variable winds.

The United States weather bureau reported visibility at Dallas and Waco of one and one-half miles. Westward the fog thickened. Abilene had visibility of three-fourths mile, Santo one-quarter mile, Big Spring three-quarters.

San Antonio in the south, reported visibility of one mile.

Dust was thinning in the Panhandle. Borger reported clear weather. Amarillo, the bureau said, had a three-quarter-mile visibility.

Street lights at Lubbock were hazy. Observers said the dust was like a thick fog.

The fog was reported silt and a new "duster" at Woodward, Okla., headed in that direction on the wings of a fresh wind.

Alpine pilots at Big Spring

## FARNSWORTH SEEKS CHANGE HIS PLEA TO "NOT GUILTY"

FORMER NAVAL OFFICER CHARGED CONSPIRACY TO SELL NAVAL SECRETS

WASHINGTON, Feb. 18.—(AP)—John S. Farnsworth, former naval officer charged with conspiring to communicate naval secrets to the Japanese, asked permission of the federal district court today to change his plea to "not guilty."

He threw himself on the mercy of the court Monday, pleading not guilty to the charge that he would not fight the charge.

He said today that plea was made under "enormous pressure" and finally "on the flip of a coin."

His first plea made some months ago was innocence, like his third one.

It is within the discretion of Justice James M. Proctor, to whom the petition was addressed, to grant or deny it.

Farnsworth, unshaven and nervous from lack of sleep, paced the narrow cell in the city jail hospital as he told his story of determination to have the charges against him brought to trial.

Besides the conspiracy charge, he was charged in a second indictment with actually selling information to two Japanese naval attaches here.

"I've got to go through with this thing and fight it out in court," he said.

## ORIGINAL STILL AT MAGNOLIA REFINERY WILL BE DEMOLISHED

ERECTED 1897 WHEN FIRST REFINERY WEST OF THE MISSISSIPPI BUILT

Within a few days, one of the devices that gave Corsicana a place in the world's prominence in the industrial and commercial fields will be nothing but a pile of scrap iron but the history that it has made will continue to live as long as petroleum holds its place in the public spotlight.

C. S. Dickens, superintendent of the Magnolia Refinery, announced Thursday that work would start immediately on the demolition of the original still unit of the first refinery ever constructed west of the Mississippi river, and whose products and by-products were used in rewriting the history of transportation and roadbuilding. The old still has been sold to the Austin Metal and Iron Company and will be wrecked by them and hauled away as "junk iron."

The still unit was erected in 1897-98 when the first refinery in the mid-continent sector was constructed by J. S. Cullinan and associates, a few far-sighted businessmen who had a vision of the future when it was encountered in their search for a municipal water supply.

From that time until about five years ago, the unit continued to supply its quota of petroleum products. No figures are available on the amount of gasoline and other derivatives that the device has produced. Veteran employees of the local plant had a rather wistful look in their eyes as the news was spread about that the still was to be wrecked.

Local officials said that no plans had been made to replace the discarded unit at present.

## Fort Worth Gets Dust Going Back To Its Old Home

FORT WORTH, Feb. 18.—(AP)—The "duster," which struck here bound for the Gulf coast several days ago, was passing through Fort Worth again today on the way home to the Texas-Oklahoma-Kansas dust bowl.

The first dust storm of the season was borne on a hard north wind.

"The duster" today was on a south wind.

"Just the old one going back," commented Weatherman Paul Cook.

## Claimed A. T. T. Tried Dominate Film Industry

WASHINGTON, Feb. 18.—(AP)—Francis A. Staten, federal communications commission accountant, testified today the American Telephone and Telegraph Company had tried to dominate the motion picture industry. The idea, he said, was to get exclusive rights for the sale and service of film equipment.

Staten testified that the telephone company's film operations had been conducted since 1926 mostly through Electric Research Products, Inc., a subsidiary frequently called ERPI.

The extent of the monopoly effort, he said, was indicated by an investment of \$35,000 in the stage production of Sinclair Lewis' novel, "Dodsworth." In order to "assure subsequent production of a motion picture on ERPI equipment and in an ERPI controlled (Paramount) studio." He said loans were made to the Fox and Universal companies and claimed ERPI influenced various changes in the Fox companies.

## NEW ISSUES ARISE FROM REOPENING OF AUTOMOBILE PLANTS

FINAL SETTLEMENT OF DIFFERENCES INVOLVED IN STRIKE DELAYED

DETROIT, Feb. 18.—(AP)—New issues arising from the reopening of strike-closed General Motors automotive plants tended today to delay final settlement of differences involved in the recent strikes.

Counter charges of violations of the agreement that ended the long dispute between the corporation and the United Automobile workers a week ago were heard as negotiators met today in their fifth session.

Ed Hall, union vice-president, saying ten union members were discharged at Flint, Mich., last night, and that locals at Flint, Anderson, Ind., Cleveland, Ohio, St. Louis, Mo., and Janesville, Wis., had reported their members were being transferred from the jobs they held before the strikes to new posts, declared these matters would be presented to the corporation representatives, U. A. W. A. strikes occurred in the cities mentioned.

Despite the differences brought up yesterday and today, it was said authoritatively that the conference were in a co-operative mood and that the basic questions about which the negotiations center—union demands—unsettled in the strike peace agreement—are expected to be ironed out.

Wyndham Mortimer, first vice-

## PRESIDENT SENDS MESSAGE ON MATTER CONGRESS THURSDAY

WOULD PROVIDE FARMER WITH BUFFER AGAINST SEVERE CROP FAILURES

WASHINGTON, Feb. 18.—(AP)—President Roosevelt recommended to congress today adoption of a system of crop insurance to provide the farmer with a buffer against disastrous crop failures.

He said such insurance coupled with a system of storage reserves for crop surpluses in good years "would assist in providing a more nearly even flow of farm supplies, thus stabilizing farm buying power and contributing to the security of business and employment."

"A program of crop insurance and storage of reserves," he said, "should be part of the foundation of agricultural policy which we are building and which must include the conservation of soil and water, better land use, increased farm income, and alleviation of distress in rural areas arising out of factors beyond the control of individual producers."

The President sent to congress with his message a report of his special committee of government officials which planned the insurance program.

**Protection Against Hazards.**

Under the program the insured farm would be protected against such natural hazards as drought, grasshoppers, and hail.

The farmer would be protected up to 75 per cent of his normal yield. If his wheat crop would have returned him 12 bushels to the acre, he would be protected against nine bushels of the loss. He would be paid either the commodity or its cash equivalent.

The President recommended that crop insurance be extended to wheat for the crop year 1938.

"I believe legislation should authorize application of similar programs to other commodities," he said, "when it is established that producers desire them and the application of the plan to wheat has provided a back log of experience."

See CROP INSURANCE, Page 12

## JURY VERDICT OF NOT GUILTY GIVEN KENT CASE THURSDAY

ARGUMENTS OF ATTORNEYS CONCLUDED SHORTLY BEFORE NOON HOUR

The jury in the trial of the case of the State of Texas against Alvin Karpis, 29, on a murder indictment as a result of the fatal shooting of Noble (Coley) Hadaway, 25, former Sulphur Springs, Tex., in Hadaway's room, 614 South Fourteenth street here, April 15, last year, returned a verdict to District Judge Wayne Howell Thursday afternoon at 2:30 o'clock finding the defendant not guilty.

Arguments of the attorneys in the case were concluded shortly before noon. The arguments were started Wednesday afternoon when C. L. Knox, assistant criminal district attorney, opened for the state and was followed by Norris Lovett, defense counsel.

Thursday morning speakers included District Attorney General, W. George, defense, and John R. Curington, criminal district attorney, who closed for the state. T. W. Lovett, defense attorney, did not argue the case before the jury and neither did Julius Jacobs, defense lawyer, who was ill with influenza and unable to attend the latter part of the trial.

A. T. Hadaway, one of the jurors in the case, was ill with influenza and suffered a high fever all night, but insisted that the case continue Thursday morning.

See NOT GUILTY, Page 11

## Cat Sent Laundry In Family Wash

ARKANSAS CITY, Kas. (AP)—Mrs. Hoy's Mohler bundled up her laundry in a sheet the other day, tied it in customary fashion and handed it to the laundryman.

A half hour later the laundryman was back, carrying the family cat and inquiring whether he was to dry clean or merely wash the cat.

The cat had been wrapped up while asleep in the laundry pile.

See AUTO WORKERS, Page 8

## NAVARRO COUNTY AGRICULTURAL BODY HAS BEEN ORGANIZED

ASSOCIATION FORMED THAT  
WILL HAVE COMMUNITY  
BRANCHES OVER COUNTY

At a called meeting Wednesday, February 17, by H. C. Kent of Mildred, district organizer of the community agricultural associations, the Navarro County Agricultural Association was perfected and a movement was started toward the organization of community organizations of the same nature. Those present were mainly farmers and agricultural workers.

Before the organization of the association, the importance of a farmers' organization was expressed by several speakers introduced by Mr. Kent. Postmaster Allison of Corsicana said: "The government program is the thought-out program. Farmers must have an organization before they can compete with other industries in relation to their share of the national income and to the prices received for their commodities." Mr. Allison said that soil conservation was one of the greatest problems confronting the government today.

Because women must have the first and last word, Miss Jennie Camp, district home demonstration agent, was called on next after being promised that she might have the last word in the meeting. Miss Camp stressed the importance of the community organizations. "In promoting, have something to promote. The success of any organization depends upon that organization having something to present. Work out an interesting program for the year," said Miss Camp.

County Agent C. C. Morris warned those present against becoming discouraged in their organization work. Said Mr. Morris, "The job of organizing is so great that farmers want to back off from it. Grow into it gradually. That's the kind of organization that lasts."

Barry Has Organization. Mr. Burleson, vocational teacher of Barry, reported that the Barry Community Agricultural Association has already been organized and, incidentally, this is the first community organization in the county to send in its fees to the state office at Brownwood. Although the membership is small at present, they feel that they are going to grow gradually into a very helpful and worthwhile organization.

G. W. Orms, district extension service agent from A. and M. College, pledged his and his co-workers' aid in any up-building of the farmers, especially that of organization, and in the solving of any of their problems. "All big worthwhile things are organized. The greatest handicap that the farmers have had has been the lack of organization. If these associations are to be successful, it will depend upon the individual communities," said Mr. Orms. Mr. Orms went on to say that the well must be conserved for the future generations.

The meeting was turned over to Cliff Day, vice-president of the

## Speaker For Young Peoples' Banquet

Joe Parks, Jr., educational director of the Second Baptist church, Houston, is to be the main speaker at the Young Peoples' banquet at the First Baptist church here on March 5th. Mr. Parks is an outstanding young man among Texas Baptists, and is a gifted speaker. Some two hundred are expected to attend this annual banquet. Tickets are now being sold by the following: Miss Sophia Curry, S. G. Fry, Miss Era Sharpley, J. B. Swink, Miss Annie Ruth Robinson, Ben Blackmon, Mrs. Raymond Chubb, Miss Vivian Bottoms, and others. The young people are urged to get their tickets now.

Texas Agricultural Association and leader of the Washington brigade of farmers of a few months back, and he discussed the value and the working procedure of such an association, including some actual experiences where the organization of farmers would have helped them to get the kind of legislation in Washington that they desired, but because they were not organized, their representatives were powerless.

Organization Needed. Mr. Day brought up the following questions for discussion: How are we, the farmers, represented in legislature? Can we ask for anything unless we have some way of backing ourselves up? He went on to say that we have a right to know about the value of our products, and that we must be in on things and, as American citizens, we have a right to help make the kind of legislation that we want and need. "This can be brought about only by organization," said Mr. Day.

There were nine communities represented at the meeting and the following persons will act as temporary chairmen in their respective communities in organizing the community associations: White's Chapel, Roy Dubose; Chantfield, (already organized); Hanna, Sam Reagan; Mildred, Bob Martin and H. C. Kent; Emhouse, Hugh Parish; Oak Valley, Mrs. R. M. Hodge; Black Hills, J. M. Beckham; E. C. Kent was elected chairman and Mrs. W. P. Garrett, secretary-treasurer, of the county association. There were 29 pres-

## CONFEREES ON MOTOR WORKERS WANTS ARE STILL FAR APART

DETROIT, Feb. 18.—(AP)—Specific examples of issues under discussion arose today to plague negotiators representing General Motors Corporation and the United Automobile Workers of America. Complaints included accusations that each side had contravened the terms which ended the long strike in corporation plants.

The conferees were represented as being far apart as they worked toward solution of questions left unanswered in the settlement signed a week ago. Revealing General Motors had complained that union workers were soliciting members on company property, Wyndham Mortimer, U. A. W. A. first vice-president and one of the conferees, said his delegation assured the corporation the practice would be stopped.

## Additional Cities Receiving Credits For Good Records

AUSTIN, Feb. 18.—(AP)—The insurance department has announced that additional cities were entitled to a 25 per cent maximum credit for good fire records. The cities were Highland Park, Kerrville, Laredo, Plainview and

Cities which received 20 per cent credits included: Lubbock and Port Arthur. Those which received 15 per cent credits included: International Croscoring Construction Co. (Texas), and Wichita Falls. Those given 10 per cent credit: Hamlin, Hartlingen, Hearne, Hico, Hillsboro, Howe, Humble, Iowa Park, Jayton, Killeen, Levelland. Those penalized 5 per cent included Longview.

ent at the meeting and 21 joined the county association. In closing Mr. Knight, secretary of the Chamber of Commerce, pledged the co-operation of himself and of the Chamber of Commerce to help in any way possible.

RICHARD E. BURLESON, Vocational Agriculture Teacher, Barry.

**Still Coughing?**  
No matter how many medicines you have tried for your cough, chest cold or bronchial irritation, you can get relief now with Creomulsion. Serious trouble may be brewing and you cannot afford to take a chance with anything less than Creomulsion, which goes right to the seat of the trouble to aid nature to soothe and heal the inflamed membranes as the germ-laden phlegm is loosened and expelled. Even if other remedies have failed, don't be discouraged, your druggist is authorized to guarantee Creomulsion and to refund your money if you are not satisfied with results from the very first bottle. Get Creomulsion right now. (Adv.)

## Kerens Music Club Met Wednesday In Westbrook Home

KERENS, Feb. 18.—(Sp.)—The Kerens Music Club was entertained Wednesday afternoon in the home of Mrs. Luther Westbrook with Mrs. Henry George Smith as co-hostess. The leader for the afternoon, Mrs. James Taylor, gave the story of the light opera, "The Bartered Bride," by Rodie Brittain, with Miss Dortha Holt as soloist and Mrs. Willie Hines as pianist.

In keeping with the regular club study a Texas composer and a Texas poet is dealt with at each meeting and Mrs. C. B. Ray gave an interesting sketch of the life of Rodie Brittain. The poet for study was Mrs. Pearl Owen Gentry of Malakoff and Mrs. E. H. Gray read "I Shall Dwell Contentedly," by Mrs. Gentry.

Mrs. M. O. Cheek rendered a violin solo as a conclusion to the program. Guests were Mrs. W. T. Stockton, Mrs. Andrew McClung, Mrs. E. M. Westbrook and Mrs. C. W. White.

Home Demonstration Club. KEREKS, Feb. 18.—(Sp.)—The Home Demonstration Club of the Independence community was entertained Monday afternoon in the home of Mrs. J. B. Shelton. Roll call was answered by "How I Can Improve My Pantry," Mrs. J. C. Chrisman, president, then appointed the following committees:

Recreational—Miss Buena Vista Scarborough, Mrs. H. L. Threet and Miss Dovie Lee Kyser. Finance—Mrs. W. C. Reed, Mrs.

## News of County Home Demonstration Clubs

Mt. Nebo Club. The Mt. Nebo Home Demonstration club met last Monday afternoon in the home of Mrs. Leonard Frost to elect new officers for 1937, the following being elected: Mrs. Tommie Nevin, president; Mrs. Out Hays, vice-president; Mrs. Leonard Frost, secretary; Mrs. Out Hays, pantry demonstrator; recreation committee: Mrs. Ira Terrell, chairman; Mrs. Burt Bennett, Mrs. M. M. Goggans. Refreshments were served to six. The meeting adjourned to meet Feb. 22 in the home of Mrs. Tommie Nevin. Miss McNabb will meet with us. —Reporter.

Ben Perry and Mrs. Chester McLaughlin. Demonstrations—Mrs. C. S. Chrisman and Mrs. W. H. Kyser.

Exhibits—Mrs. H. L. Threet and Mrs. C. S. Chrisman. After the appointment of the committees, plans were discussed for the year's work. Thirteen members were present and one guest, Mrs. C. L. Reed. Refreshments were served.

**Notice**  
There is a Bill coming before the House to repeal the protection of fox. I would appreciate very much a free expression from the people of Navarro county regarding the repeal of said law. Sincerely yours, J. J. KELT, House of Representatives, Austin, Texas.

## Texas' Ministers Institute Elects Officers Thursday

FORT WORTH, Feb. 18.—(AP)—The Texas Ministers' Institute elected Rev. Tom Wood of Wichita Falls president in a business session this morning. Rev. Ray Lindley, San Antonio, was named vice-president, and Rev. Perry Gresham, Fort Worth, secretary-treasurer. All three were appointed by Rev. Clifford S. Weaver, McKinney, retiring president, to plan next year's program. The group endorsed the proposed repeal of the racing law

## TESTIMONY KENT TRIAL COMPLETED EARLY WEDNESDAY

### FOLLOWING CHARGE JUDGE ARGUMENTS SCHEDULED GET UNDER WAY

Judge Wayne R. Howell is scheduled to present his charge in the trial of Alla Mae Kent, 29, to the attorneys in the case early Wednesday afternoon and arguments of the attorneys will probably get under way during the afternoon.

The defense rested after presenting three witnesses Wednesday morning and the final evidence was introduced and completed by 9:30 o'clock.

Mrs. Kent has been on trial in the district court for the past several days on an indictment for murder as a result of the fatal shooting of Noble Hadaway, 25, former Sulphur Springs musician, at Hadaway's room, 614 South Fourteenth street, here, last April 15. Introduction of evidence was started Tuesday morning after several days had been consumed with the selection of a jury. Sixty-six prospective jurors were examined before the twelve were selected.

The courtroom Wednesday morning again was crowded with interested spectators, mostly women but the crowd was smaller than at Tuesday afternoon's sessions.

**Doctor Recalled.** Dr. W. K. Logsdon, local physician, who was a state witness Tuesday, was recalled by the defense Wednesday morning as the first to appear on the witness chair.

He testified Mrs. Kent called him (Dr. Logsdon) on the morning of the shooting of Hadaway to attend him (Hadaway) at the P. and S. Hospital and that he saw Mrs. Kent at the hospital when he arrived there a few minutes later.

A dark blue dress was exhibited as the one worn by the defendant at the time of the shooting. Dr. Logsdon identified it as the one worn by Mrs. Kent at the time he (Dr. Logsdon) arrived at the hospital. A large powder-burn was on the garment on the left side. The physician also stated that he treated powder burn in the palm of Mrs. Kent's left hand.

Under cross-examination by Criminal District Attorney John R. Cullington, Dr. Logsdon said he saw Mrs. Kent about daybreak on the day of the shooting. He said he saw her at the P. and S. Hospital, but added that he did not know what time it was or what time the shooting occurred.

**Testified.** Claude Patterson, city policeman for the past 22 years, testified he had known the deceased, Curley Hadaway, and described him as being five feet and seven or eight inches tall, weighing about 160 pounds. He said the deceased was a "good man" when questioned relative to whether Hadaway was a strong physical man.

The court declined to allow the defense questioning relative to whether the slain man was a frequent drinker and the witness declined to answer in the affirmative about the reputation of Hadaway as to being a dangerous and violent man and added that he (Patterson) had not heard the general reputation of Hadaway discussed.

Mrs. Wesley Keathley, sister of the defendant, testified Mrs. Kent was 29 years of age and that Mrs. Kent was "right-handed."

The prosecution has been handled by John R. Cullington and C. L. Knox, criminal district attorney and assistant, respectively, and J. O. Duncan, Sulphur Springs, special prosecutor. The defense attorneys are B. W. George, Norris Lovett, T. W. Lovett and Julius Jacobs.

**Tuesday Afternoon Session.** A number of witnesses were called Tuesday afternoon as the defense presented testimony relative to happenings and incidents prior to and leading up to the fatal shooting of the victim.

The courtroom Tuesday afternoon was packed and jammed to capacity with all available standing room and the aisles crowded with interested spectators. A large majority of the spectators were women and girls and veteran courtroom attachés were in evidence in the opinion that the Tuesday afternoon crowd contained more women than any case in recent years.

The state rested its case late in the afternoon. District Judge Howell declined to grant a defense motion for an instructed verdict of not guilty. Defense counsel indicated that little evidence would be submitted Tuesday morning and that the case was highly improbable that the defendant would be put on the witness stand.

Judge Howell pressed two additional deputy sheriffs into duty preserving order after five years and had been intimately associated with him for three years. He outlined his and Hadaway's movements during the day preceding the shooting and also the driving about with Mrs. Kent and other the night previous to the shooting. Sparks testified that he went to the Log Cabin night club with Mrs. Kent and Hadaway late at night, but stayed only a few minutes and then went to the Centennial Night Club, a short distance away, and remained there for several hours, later coming back to the Log Cabin.

Sparks related that after he returned to the Log Cabin, Hadaway disappeared and he told of the seeking of Hadaway by the party at other night clubs, etc. He said Mrs. Kent has said they should find Hadaway and put him in a car light had been broken and Mrs. Kent could not understand why or the way it had been broken.

**Hadaway Called to Car.** Sparks said that after a time he went to bed in the room of Hadaway and that his companions left. He said Mrs. Kent and companions returned later in the morning and Hadaway had arrived a few minutes earlier. Sparks testified that Mrs. Kent called Hadaway out to her car and he came back in the house, soon and Mrs. Kent also came in. Sparks said that Mrs. Kent called Reba Patterson into the house. Sparks said he (Sparks) was in bed and Miss Patterson sat on the foot of the bed while Mrs. Kent and Hadaway were standing near the foot of the bed engaging in quite an argument. Sparks said Hadaway hit Mrs. Kent with his fist and threatened to "break her neck." Sparks said he began talking to Miss Patterson and the other couple were scuffling and he noticed something between them. He said a shot was fired and Curley started crumpling to the floor. Sparks said he arose, slipped on his clothes and picked up Hadaway on his shoulder and took him to the car and aided in carrying him to the hospital. He said Hadaway did not say a word after being shot, but groaned. Sparks said he saw Mrs. Kent after taking him to the hospital.

Under cross-examination, Sparks said Mrs. Kent was wearing a dark blue or black dress. He admitted that he did not see any powder burn before the shooting, but there were burns and a hole in the dress after the shooting. He said the couple were standing close together when the shot was fired. Mrs. Kent, according to Sparks, called a doctor and helped to take the injured man to the hospital. He also said Mrs. Kent was pleading with Hadaway not to harm her when the shot was fired.

Edgar King, 1806 West Park avenue, was the next state witness to testify. He was employed at the Log Cabin Inn at the time of the trouble. His testimony was similar to that given by preceding witnesses about events earlier in the night and said that about 4 o'clock in the morning Mrs. Kent came back to the Log Cabin and that he heard something like a pistol shot, but did not distinguish the conversation between the defendant and Mr. Sykes except he did hear her say: "Did you hear that?"

Under cross-examination conducted by B. W. George, King testified that Noble Hadaway had kicked Mrs. Kent while they were on the dance floor and that he (King) had kept Hadaway from "jumping on" her later in the evening. He said Hadaway tried to hit Mrs. Kent with a beer bottle and he (King) and Reba Patterson prevented him. He said Hadaway cursed and abused Mrs. Kent.

King declared that Hadaway left the place and went toward a nearby branch and later went out with a beer and whiskey bottle and he (King) said he believed Hadaway broke the glass in the Kent car as the beer bottle was found at the car.

The witness related that Hadaway returned to the Log Cabin after Mrs. Kent had gone and struck his (King's) cabin door with a stick, but he (King) did not answer him. King also said that Hadaway called Mrs. Kent several times and then struck out two window lights in the Inn with his fist.

**He seemed on the warpath.** Under re-direct questioning, King said Mrs. Kent noticed the broken glass and was angry about it, and under the second cross-examination, King said the deceased had said:

"She's going to take home some black eyes to Garland Kent."

**Victim's Brother On Stand.** L. A. Hadaway of Honey Grove, brother of the deceased, testified he met Mrs. Kent the latter part of March last year at his brother's home in Sulphur Springs. He said he accompanied Mrs. Kent and Noble back to Corsicana and remained here a week. Hadaway testified he saw Mrs. Kent at his brother's room morning and night each day the week he was here. He said Mrs. Kent told him that she was very much carried away with him (Noble).

Hadaway also testified that Mrs. Kent questioned him about his brother and other women and that Mrs. Kent threatened his brother and said she would kill him. He said Mrs. Kent told him that Noble was "treating me cold" and that she did everything she could think to make him love her.

The brother of the slain man also testified that Mrs. Kent was going to kill Curley and told him that he (Hadaway) would see headlines in the Dallas News about Curley Hadaway being killed by the wife of G. C. Kent. He said he heard his brother with a gun on April 4, 1936.

**Denies Withdrawal Offer.** Under a close and withering cross examination conducted by Norris Lovett, the brother of the deceased denied that he had offered to withdraw from the case and not appear as a witness for \$1,000, and said he did not communicate the threats to his brother as was made by the defendant as he did not believe Mrs. Kent would carry out the threats. He further admitted that it was material to him whether Mrs. Kent was convicted or not. He said he had seen a gun in Mrs. Kent's automobile and also admitted that Mrs. Kent and his brother carried him back to his home in Honey Grove after his visit had been concluded here.

Dr. W. K. Logsdon local physician, said that he knew both Mrs. Kent and Hadaway and both were his patients. He described the pistol wound which caused death. He testified the bullet entered to the right of the left nipple and said the wound caused death. Hadaway was dead when Dr. Logsdon arrived at the hospital.

With B. W. George conducting the cross-examination, Dr. Logsdon said that he had known both Mrs. Kent and Hadaway and had treated both. Dr. Logsdon testified that Hadaway had told

him (Dr. Logsdon) that he (Hadaway) had struck Mrs. Kent in the head with a car jack wheel en route to Corsicana from Fort Worth after Mrs. Kent had made him (Hadaway) come to Corsicana when he (Hadaway) did not want to leave Fort Worth. Dr. Logsdon said that he saw Mrs. Kent the morning of the shooting and that he examined her. The physician said that Mrs. Kent was suffering from contusions and dislocations about the ribs, two ribs had been fractured and a tooth loosened the day Hadaway was fatally shot. The doctor also said that two teeth had previously been knocked out by Hadaway.

**Other Neighbors Testify.** Mrs. J. J. Mixon, 1503 West Seventeenth avenue, formerly of 612 South Fourteenth street, said she knew Hadaway when he passed along the street but was not personally acquainted with him. Mrs. Mixon said she frequently saw Mrs. Kent at the time of the trouble.

On the morning of the trouble, Mrs. Mixon recalled she heard a commotion and voices and what she took to be a lady's voice said: "Come to my office tomorrow." Mrs. Mixon said that she heard one shot fired and that Mrs. Kent was there.

Defense questions brought out also that Mrs. Mixon heard the exclamation: "Don't do that." (2 or 3 times.)

Mrs. Serena Helen Hadaway of Sulphur Springs, mother of the slain man, testified that she had known Mrs. Kent since 1934. She said her son was 25 years of age when he was killed. She said she was told that Mrs. Kent and her son visited her ten days before the fatal shooting and that Mrs. Kent told her that big headlines would be seen in the newspapers about the killing of Noble Hadaway. She said her son weighed 160 pounds.

**Mother Tells of Threats.** Under cross examination at the hands of Norris Lovett, Mrs. Hadaway said that she had heard Mrs. Kent had communicated the threats made by Mrs. Kent while they were fishing at her home. She admitted, however, that her son returned to Corsicana with Mrs. Kent. She said Mrs. Kent did not give her much chance for private conversation with her son and she also said she (Mrs. Hadaway) did not think Mrs. Kent would carry out her threats. She said she did not know that Mrs. Kent had been hit with a car jack in the hands of her son, but More-M-M . . . More . . . B had been told they had been in a car accident.

Mrs. Hadaway said Mrs. Kent told her she (Mrs. Kent) was jealous and that she would kill Curley before another woman would get him. The mother of the slain man denied being mad at the defendant and said she only wanted the jury to give her justice. She also denied offering not to appear in the case if \$1,000 was given her. When asked if she had accepted clothing and money from Mrs. Kent, the court sustained state objections.

Mrs. Hadaway said she (Mrs. Hadaway) told Mrs. Kent to stay at home from the dance halls with her children and that Mrs. Kent told her she (Mrs. Hadaway) would be there every damn night. The mother of the slain man further testified her son had advised her that he was employed by Mrs. Kent to drive the defendant about the city and that she (Mrs. Hadaway) admitted both Mrs. Kent and her son frequently visited her. When questioned about whether her son drank or engaged in troubles, the mother admitted she had known him drinking once and being engaged in one fight.

The mother testified she had written several letters to her son warning him in some of them about Mrs. Kent but that she never received any replies from him. She said she did not know what had become of the letters she had written her son.

Mrs. J. M. McClung, 616 South Fourteenth street, testified that she lived next door to where Mrs. Kent resided and that she had seen Mrs. Kent there frequently. The testimony of her husband, J. M. McClung, school teacher and former Navarro county school superintendent, was practically the same.

**Tuesday's Proceedings.** Introduction of testimony in the trial of Mrs. Alla Mae Kent, charged with murder as a result of the fatal shooting of Noble (Curley) Hadaway, 25, musician, formerly of Sulphur Springs, at Hadaway's room, 614 South Fourteenth street, April 15, 1936, got under way this morning in the criminal district court Tuesday morning.

Reba Patterson, waitress or hostess at the Log Cabin Inn, on Highway 31, several miles east of Corsicana, and Floyd Sykes, proprietor of the Log Cabin Inn, were presented at the Tuesday morning's sessions as the first two state witnesses.

The twelfth juror was selected at 9:40 o'clock Tuesday morning. The sixteenth prospective juror was selected at 10:15 o'clock. The state exercised 12 challenges, the defense 10, and 31 were excused for cause.

**Entered Plea Not Guilty.** When arraigned on the indictment read by Criminal District Attorney John R. Cullington, Mrs. Kent replied: "Not guilty," and attorneys entered the same plea after the indictment had been read the jury by Cullington.

Reba Patterson was the first witness called. She related she had become acquainted with Mrs. Kent at the Log Cabin Inn and that she saw her at that place about 11 o'clock the night before the shooting. Miss Patterson said she knew Noble Hadaway as "Curley." The witness said that the deceased left the Log Cabin about 3 o'clock in the morning and that Mrs. Kent, Lorene Brannon, Bo Sparks and the witness left her (Patterson) house at that time. She said Curley's house after driving down Highway 75 toward the Y and stopping at Thompson's and the Italian Inn. Miss Patterson said Mrs. Kent related that she had been to see Mr. Curley at any of the places visited. Miss Patterson said the party went to Everybody's and bought a pint of whiskey and went to Curley's house after riding about town and going to Corona Courts.

Miss Patterson said Mrs. Kent was driving the automobile. Bo Sparks, according to the witness, got out of the car on the first trip to Curley's room and went to bed after George Rea, nephew of the defendant, was picked up at Mrs. Kent's home. The witness testified Mrs. Kent said she "would go get someone to do the talking" when she went to her nephew. The witness related that another trip was

made to the Lob Cabin later in the morning and Mrs. Kent asked about Curley.

**Test of Shooting.** Continuing her testimony, the witness said that she (Mrs. Patterson) and Mrs. Kent went into the house and that Sparks and Hadaway were present while Rea remained in the car. She said that Hadaway said he had been in a fight and that he (Hadaway) and Mrs. Kent talked, fussed and argued. Miss Patterson said that Hadaway cursed and declared: "I'm going to end the whole business," with Mrs. Kent also talking. She said both Mrs. Kent and Hadaway had hold of a pistol. A shot was fired and the deceased held himself, walked out of the room. Mrs. Kent was quoted as saying she would carry the injured man to the hospital.

Sparks picked up the wounded man, according to Miss Patterson's testimony, and put him in the car and Mrs. Kent, Sparks, George Rea and the witness went to the P. and S. Hospital where Hadaway was admitted. Mrs. Kent left the hospital a short time later and returned and that all four persons named above went to Mrs. Kent's home and remained until about 9 o'clock when they came Hadaway's house and

**Cross-Examination.** Under cross-examination conducted by Norris Lovett, defense attorney, Miss Patterson said she did not know Curley knocked out of Mrs. Kent's car with a bottle and denied hearing Mrs. Kent say: "Stop, stop, if you hit me again I'll shoot you."

Miss Patterson admitted she was "right" and had been drinking. She said that after the shooting a powder burn was visible on Mrs. Kent's dress and she admitted she (Miss Patterson) had not noticed the powder burn until after the shooting.

Floyd Sykes was the second witness called by the state. He said that Curley had a room at his house which he rented from Mrs. Kent. He was the proprietor of the Log Cabin Inn east of Corsicana at the time of the shooting of Hadaway. Under questioning at the hands of C. L. Knox, assistant criminal district attorney, Sykes said he had known Hadaway for three years and Hadaway had played in his (Sykes) band. He said Mrs. Kent, Hadaway and Bo Sparks came to his place of business the night prior to the shooting. Sykes said he (Sykes) went to bed in a cabin near the Inn about 1:30 o'clock in the morning and Mrs. Kent and the two men were still at the Inn. Sykes said Mrs. Kent came back later in the morning and asked if Curley was there and drove away. Sykes said he had told her Curley was not there. Mrs. Kent, according to the witness, returned at a later time and again awoke him asking if Curley had returned to the Inn. Sykes said Mrs. Kent told him: "If I find Curley, I'm going to get him."

**Attorneys Argue.** Tilt and arguments of attorneys ensued over certain questions propounded by the state relative to a shot or backfire of a car when it was sought to bring out that Mrs. Kent told Sykes: "Did you hear that? It's what Curley is going to get if I find him." The witness repeated that she said "did you hear that—I'm going to get him if I find him."

Sykes said he was again awakened about 6 o'clock by Mrs. Kent when she told him (Sykes) that she had killed Hadaway. He said the defendant as saying after blowing her car horn: "Get up, I've killed Curley." Sykes said that George Rea corroborated her statement.

Sykes then went to the hospital and Hadaway was in the operating room. A nurse advised him (Sykes) that Hadaway was dead. He (Sykes) later went to his home on South Fourteenth street. When questioned about the renting of the house from Mrs. Kent, Sykes testified that the rent was \$5 per month with the provision that Hadaway be allowed one of the rooms. He said that he paid either Mrs. Kent or Hadaway and frequently charged cigarettes, etc., at his place of business against the rent due.

Sykes also said Mrs. Kent frequently came after Curley at his room and also frequented his Log Cabin Inn "every night or two."

**Knew Hadaway Three Years.** Under cross-examination by Defense Attorney B. W. George, Sykes said that he had known Hadaway about three years and that Hadaway had worked for him (Sykes) in a band. He said that he (Sykes) sold the band to Loyd Rea, nephew of the defendant and that Hadaway remained with the band under the new management. He said Mrs. Kent frequently carried the musicians of the band to the dances to help her nephew.

Under questioning of the attorney, Sykes testified that Mrs. Kent was much in love with Hadaway and that he did not believe she ever intended to hurt him. He said she "was wild about him."

Speaking about the deceased, Sykes said Hadaway was high-spirited and violent and "hard to get along with when drinking." Sykes said he (Sykes) fired Hadaway because of his fusing, fighting, etc. Sykes also said he knew

**When HEADACHE Is Due To Constipation**

## APPLICATIONS FOR CROP, FEED LOANS BEING RECEIVED

### FIELD SUPERVISOR OF FEDERAL AGENCY IN POST-OFFICE BASEMENT

Applications for emergency crop and feed loans for 1937 are now being received by N. R. Houghton, field supervisor of emergency crop and feed loans, Section of the Farm Credit Administration, in an office in the basement of the Corsicana post-office.

These loans will be made only to farmers who cannot obtain credit from any other source, as provided by regulations issued by the governor of the Farm Credit Administration. The money loaned will be limited to the farmer's immediate and actual cash needs for growing his 1937 crops or for the purchase of feed for livestock and in no instance may exceed \$400.

Farmers are not eligible for these loans if they can borrow from an individual, production credit association, bank, or other concern. Emergency crop and feed loans will not be made by the Farm Credit Administration whose current needs are provided for by resettlement.

As in the past, the security for these loans will consist of a first lien on the crop financing; the loan is for the production of crops, and if for the purchase of feed for livestock, then a first lien on the livestock to be fed. Landlords, or others having an interest in the crops or the livestock to be fed, will be required to waive their claims in favor of the lien to the governor of the Farm Credit Administration until the loans are paid.

Checks in payment of the approved loans will be issued by the Regional Emergency Crop and Feed Loan Office at county clerks' office.

Hadaway had knocked two teeth out for Mrs. Kent and that he (Hadaway) had beaten up Mrs. Kent on two or three occasions. The deceased (Hadaway) was drunk most of the time during the last two or three months of his life, Sykes continued.

Mrs. Kent, according to the witness, would hunt up Hadaway when he (Hadaway) was intoxicated and take him home. Under re-direct examination, the witness said that Mrs. Kent had been in love with Hadaway for the past couple of years. He said the couple had had trouble at the Y when he (Sykes) operated that business and also at a dance between Elkhorn and Lander. The jury in the case is composed of Cecil Johnson, Powell; Ray Crawford, Kerens; G. W. Watson, Barry; H. J. Stanley, Kerens; Robert Tramel, Bazette; E. J. Cramer, Cramer; W. B. W. Tramel, Jr.; Bazette, and W. F. Elliott, Powell.

Attorneys for the state are John R. Cullington and C. L. Knox, criminal district attorney and assistant, respectively, and J. O. Duncan, Sulphur Springs, special prosecutor. The defense counsel is B. W. George, Norris Lovett, T. W. Lovett and Julius Jacobs.

The courtroom was crowded Tuesday morning with numerous persons being forced to stand about the rear of the room. A majority of the spectators sitting in the main portion of the courtroom were women.

No intimation had been made Tuesday at noon by either the state or defense as to the amount of testimony expected to be introduced during the trial.

**ARE A WEAK WOMAN?**

## SAFETY---OR THIS?

## SAFETY---OR THIS?

**DEATH**, in the guise of heavily loaded motor trucks, rides the highways of Texas every day and every night. The toll of human death and injury of these vehicles is appalling.

In the five-year period, 1932 to 1936, inclusive, trucks in Texas have participated in 8,416 highway accidents in which 2,195 persons were killed and 11,962 injured. In 1936 alone, their record stood 2,208 accidents with 3,323 persons injured and 576 killed. These actual records of people killed, as shown by Texas newspapers, compared with the number of deaths resulting from all motor vehicle accidents, as given by the Bureau of Vital Statistics in Austin, show that the average Texas truck participates in twice as many fatal accidents as the average passenger car.

Likewise, as might be reasonably expected from their greater weight and size, and as shown by the records of the Texas Railroad Commission, the Carrier-for-Hire truck accidents, during 1936, have resulted, vehicle for vehicle, in three times the number of fatalities as for the average passenger car.

Increased liability to highway accident forms an insupportable result of BIG truck operation. But even now, the threat of greater highway hazards hangs over the people of Texas. Newspapers report that operators of BIG trucks have organized for the purpose of securing an increase in weight and speed limits, already too large. These are the elements, weight and speed, which, in highway accidents, spell "D-E-A-T-H."

The right to grant, condition or deny the use of the highway for profit, belongs to you, the people of Texas, notwithstanding the attempts of the operators of BIG trucks to take it away and give it to the federal government instead. Your present laws, limiting the size, weight and speed of trucks, were enacted by reason of your insistence, and by your insistence they have remained on the statute books. Their amendment would serve the sole purpose of increasing the profits of operators of BIG trucks, with the certain result of also increasing the mounting injuries, deaths and property losses now taking place on your highways.

Public welfare and public safety demand that existing highway regulations shall be retained and enforced.

## HOUSE KILLS BILL COMBINING LIBERAL PENSIONS AND TAX

### ORDER MEASURE RETURNED TO COMMITTEE FOR REVISIONS

AUSTIN, Feb. 16.—(AP)—The house of representatives today killed the combination pension liberalization and natural resources tax bill drawn by a subcommittee of the state affairs committee.

By a vote of 82 to 57, it sent the proposal back to committee with instructions to the tax provisions be deleted.

The action did not mean the death of either more liberal old age pensions or higher natural resource taxes, said separate bills.

The bill recommended would have increased the tax on carbon black from one-twelfth of a cent to one cent a pound, on natural gas from three per cent of value to one cent per thousand cubic feet, on oil from 2 3/4 to 4 cents a barrel and on sulphur from \$1.03 to \$2.00 per ton.

Opponents based their arguments chiefly on the fact the committee had no public hearing on the tax increases.

"Anyone affected by any tax measure should have the right to be heard," said Rep. Eugene Worley of Shamrock, in the Panhandle.

"The carbon black and natural gas industries mean a lot to my people," he said. "This bill would scuttle them."

### Senate Would Exempt Fraternal Companies

AUSTIN, Feb. 16.—(AP)—The senate passed today a bill by Senator Joe Hall of Henderson which would exempt fraternal organizations from a tax levied last year on insurance companies. The vote was 29 to 1.

The vote against the measure, which advocates urged as a fair thing because of charitable work done by the fraternalists, was cast by Senator Clint C. Small of Amarillo.

Small favored an amendment which would have made the exemption inapplicable to fraternalists which dealt in legal reserve insurance. Opponents of the amendment, which was introduced by Senator Clint C. Small of Amarillo, said it would have made the exemption inapplicable to fraternalists which dealt in legal reserve insurance.

The Amarillo senator declared in debate the state had lost too much money last fall to take care of pensions and now it was proposed by exemptions to remove part of that revenue.

He also warned that someone "sits on revenue bills" total appropriations of the current legislative session would be "staggering."

### Senate Refused to Change Betting Bill

AUSTIN, Feb. 16.—(AP)—The senate refused today to take a bill proposing repeal of the pari-mutuel horse wagering law, passed by the house of representatives, out of the committee on criminal jurisdiction, to which it had been referred, and place it in the agriculture committee.

The vote on a motion by Senator Grady Woodruff of Denton to re-refer was 21 to 6. Woodruff said the docket of the committee on criminal jurisdiction was overloaded and, moreover, was composed mainly of lawyers.

Sen. Frank Rawlings of Fort Worth replied it was no use to have the house bill in the agriculture committee when a senate bill also proposing repeal of the racing betting statute enacted in 1933 was in the criminal jurisdiction group.

The house yesterday overwhelmingly voted to repeal after a few minutes debate.

### Senate Plans Fight Over Betting Repeal

AUSTIN, Feb. 16.—(AP)—The Texas senate today girded itself for a battle over the bill to kill pari-mutuel wagering on horse racing. The measure received overwhelming endorsement by the house of representatives yesterday.

Repealists, pointing to the 109 to 29 vote after but 15 minutes debate in the house yesterday, hailed the action as a major victory in their campaign to abolish the sport of kings in Texas. Rep. Bryan Brabner of Abilene, author of the proposal, expressed surprise at the size of the vote.

Both house and senate constitutional amendment committees have recommended favorably the resolution to ratify the federal constitution child labor amendment. The house committee voted 12 to 5 and the senate group, 8 to 2.

The educational committee of both chambers unanimously approved a proposal establishing a teachers retirement system which would permit teachers to participate in pension plans upon retirement after the age of 60 with 20 years service. Funds from an assessment on their salaries would be matched by the state. The proposal would recognize prior service.

A bill proposing a state utilities commission was sent to a subcommittee after drawing verbal fire from municipal spokesmen who said it would destroy city franchise and prevent cities building their own plants.

The house was to consider a consolidated bill proposing old age pension liberalization supported by increased taxes on natural resources and a proposal making full sentences mandatory for drunken drivers.

### Large Sum For Summer Schools

AUSTIN, Feb. 16.—(AP)—The House appropriations committee recommended an appropriation of \$389,347 yesterday for 1937 summer schools at state institutions.

This was an increase of more than \$24,000 over the figure for last summer and virtually as large as had been suggested by a committee of state college presidents.

It was based on past enrollment, but the summer schools receiving a larger per student allotment. Recommended appropriations included: Texas College for Women, Denton, \$21,536; North Texas Teachers' Center, \$52,096; and the larger ones.

Enabling Act Blind Aid.

AUSTIN, Feb. 16.—(AP)—Lombie

## Courthouse News

District Clerk's Office.

Following cases filed:

Ruby Bowling vs. Lee Bowling, divorce.

### Warranty Deed.

J. C. Mung et ux to Mrs. Amanda E. Taylor, 30 acres Chas. R. Sauer survey, \$500 and other considerations.

### Constable's Office.

One was arrested Wednesday night for overloading a truck. The arrest was made by State Highway Patrolman O. T. Behrens, Constable Clarence Powell and Deputy Cecil Renfrow.

### Justice Court.

Two were arrested on overloading charges and another for drunkenness Wednesday by Judge A. E. Foster.

R. Ruins was named in burglary indictment charges filed by Judge W. T. McFadden by Deputy Sheriff Jack Floyd in connection with the entering of the Ford Garage Monday night at 10:30 p. m. of a recent V-8 Ford automobile. Ruins was arrested and the car was recovered at Palestine. The accused man was returned to the county jail by flight at an early hour Wednesday morning.

### Commissioners' Court.

A special meeting of the commissioners court was held Thursday morning at 10 o'clock. Members present except Commissioner C. O. Slaghter.

The supplemental assessment roll, the redeemed property roll and errors in assessment roll for 1936 as prepared by R. L. Harris, assessor and collector last year, were approved.

The bond of Wm. M. Elliott, county surveyor, was approved.

### Corsicana Receives Five Per Cent Fire Insurance Credit

AUSTIN, Feb. 17.—(AP)—The State Insurance Department today announced Corsicana and Denton were among cities receiving five per cent credits for good fire records. Denton was among cities receiving ten per cent penalties.

### Jap Naval Chief Dies.

YOKOSUKA, Japan, Feb. 18.—(AP)—Vice Admiral Yasutaro Iwasaki, 51, chief of staff of the Japanese navy, died of pneumonia at a delegate to the London naval conference, died of jaundice today.

### Card of Thanks.

I wish to take this method to thank my friends for the nice Valentine shower and gift shower given me Saturday and Monday. Each gift given was deeply appreciated. In time of illness may you have just such faithful friends.

MRS. D. F. BROWN.

### Alsup, blind representative from Cathage, introduced an enabling act today for his proposed constitutional amendment to co-operate in giving aid to the blind.

Aid would be financed by a tax on natural gas production, which would be increased from three to four per cent of value.

### Small Warns of Appropriations.

AUSTIN, Feb. 16.—(AP)—Senator Clint C. Small of Amarillo warned today the state was facing "staggering" appropriation bills.

Speaking on a bill to exempt fraternal insurance companies from certain taxation, Small discussed to discuss appropriations. "If you don't watch out," he said, "we are going to have an appropriation bill that will prove staggering."

"This is a warning of what is coming unless somebody sits down on the revenue measures."

### Drivers' Liability Bill.

AUSTIN, Feb. 16.—(AP)—Any motorist involved in an accident in which person, animal or other vehicle was injured or damaged, would be forced to stop and report to police investigators under a bill introduced by Rep. E. F. Harrell of Paris. Penalty for violation would be forfeiture of the driver's license of the motorist.

### Narcotic Education Week.

AUSTIN, Feb. 16.—(AP)—Acting Governor Walter F. Woodul issued a proclamation today setting aside next week as narcotics education week in Texas. He called upon schools, churches, clubs, newspapers, radio stations, civic organizations and citizens to cooperate in acquainting the people with the danger in the use of narcotics.

### Opposes State Land Board.

AUSTIN, Feb. 16.—(AP)—State Land Commissioner William H. McDonald, in a statement today opposed creation of a state land board. Such a board has been proposed in a senate bill.

### Senate Takes Up Child Labor Bill

AUSTIN, Feb. 16.—(AP)—The senate today ordered a resolution to ratify the child labor amendment to the federal constitution set for consideration Monday.

Sen. T. J. Holbrook of Galveston, arch foe of ratification, urged an early setting, asserting he was "ready to go to the limit."

Sen. Clint Van Zandt of Tloma asked more time before bringing up the highly controversial question, but after much parliamentary maneuvering the Monday setting was approved, 29 to 1.

### House and senate committees have approved ratification but none would forecast what the house would do. The house several times has voted to ratify but the senate has taken the opposite course.

### Debate Emergency Supply Bill.

AUSTIN, Feb. 16.—(AP)—The House appropriations committee began debate today on a bill to make emergency appropriations of \$54,065.73 for state colleges, departments and eleemosynary institutions.

Rep. Louis Atsby of Cathage sought unsuccessfully to strike out the appropriation for North Texas Teachers' College at Denton. He contended the practice of requiring colleges for money spent on PWA projects was wrong.

The house did not act on the bill before adjournment until tomorrow.

### Would Amend Act.

AUSTIN, Feb. 16.—(AP)—Acting Gov. Walter F. Woodul submitted today an emergency legislation a bill to amend the unemployment compensation act so employers would be required to make reports only four times a year. The act now calls for weekly reports.

## SENATOR GEORGE IS OPPOSED ROOSEVELT HIGH COURT PLOTS

### SENATE COMMITTEE AP- PROVES BILL TO PERMIT RE- TIREMENT AT SEVENTY

WASHINGTON, Feb. 16.—(AP)—Senator George (D-Ga.) joined the opposition to President Roosevelt's court reorganization program with a statement today that the proposal to increase the supreme court was "unwise" and would "destroy the independence of the federal judiciary."

The Democratic veteran made known his stand shortly after a senate judiciary subcommittee approved the Summers bill to permit the retirement of supreme court justices upon reaching 70 years of age. The measure has been approved by President Roosevelt as one phase of his general court reorganization plan already has been passed by the house.

Some senators have regarded it as a possible means of alleviating the judicial controversy which has split Democratic ranks. They expressed belief one or two justices now on the supreme court who are over 70 might voluntarily retire.

Of the subcommittee said the action in approving the bill was unanimous but that one member did not vote.

His apparently was Senator Borah (R-Ida.) who left the meeting early after suggesting the age limit be raised to 75.

McCarran said the bill would be reported to the senate next Monday and "guessed" it would be taken up in the senate soon afterward. Probably the following Wednesday.

McCarran's measure—already passed by the house—justices would be given full pay of \$20,000 annually.

### WASHINGTON, Feb. 16.—(AP)— Senator McCarran (D-Nev.) laid the ground work today for quick senate approval of voluntary retirement of 70-year-old supreme court justices by passing a possible means of alleviating the judicial contro-

versity.

Some legislators have expressed belief that enactment of the measure passed by the house, might result in one or two withdrawals from the high tribunal.

The proposal was approved by President Roosevelt as a supplement to his court reorganization program.

McCarran called together his judiciary subcommittee, four of whose five members said they favored the measure.

McCarran said the bill would be reported to the senate next Monday and "guessed" it would be taken up in the senate soon afterward. Probably the following Wednesday.

McCarran's measure—already passed by the house—justices would be given full pay of \$20,000 annually.

### NEW AUTO STOLEN KERENS SALESROOM FOUND IN PALESTINE

KERENS, Feb. 17.—(Spl)—A night prowler entered the P. H. Brister Ford Dealership sometime Monday night, entrance being gained by breaking up a glass window, and escaped with a new car from the sales room.

The loss was not discovered until employees of the business firm reported for duty Tuesday morning.

The loss was reported to local and out of town authorities and late Tuesday afternoon the dealership was notified that the car had been recovered at Palestine and a man captured with the car.

This is the second new car stolen from this dealership within 90 days. The first car was recovered at Baton Rouge, La., and likewise the thief captured with the car.

### PRODUCERS MEETING CALLED SATURDAY AT COUNTY COURTHOUSE

A meeting for all Navarro county producers and others interested in the 1937 farm conservation program details will be held in the county court room of the Navarro county courthouse Saturday afternoon at 2 o'clock, according to an announcement made by County Agent C. C. Morris on Thursday.

The general public is also invited to attend.

Speakers for the occasion will be the county agent, John Manning, conservation supervisor, and others.

### Wants More Money For Wool Research

WASHINGTON, Feb. 16.—(AP)—Representative Charles E. Smith of Coleman, Texas, said today he would ask the agriculture department to increase a contemplated \$500,000 expenditure for wool research this year.

"There is no doubt that this work has not been stressed as much as it ought to be for the good of the industry," Smith said. He termed a \$500,000 program for wool "discriminatory" when \$1,174,000 was planned for cotton and \$186,000 for dairying.

The bureau of agricultural economics said the 1935 gross income for these industries, respectively, was, wool, \$71,000,000; cotton, \$698,000,000, and dairying, \$1,681,000,000.

### Lindbergh's Visit Island.

BAHREIN ISLAND, Persian Gulf, Feb. 18.—(AP)—The Charles A. Lindbergh, flying from an overnight stop in the Syrian desert, landed here at 1:30 p. m. G. M. T. (7:30 a. m. C. S. T.) today.

Bahrein, the center of the famous Gulf pearl fishing industry, also is the scene of American oil operations.

## INCOME TAX IN A NUTSHELL

WHO? Single persons who had net income of \$1,000 or more or gross income of \$5,000 or more, and married couples who had net income of \$2,500 or more or gross income of \$5,000 or more must file returns.

WHEN? Filing period begins January 1 and ends March 15, 1937.

WHERE? Collector of internal revenue for the district in which the person lives or has his principal place of business.

HOW? See instructions on forms 1040A and 1040.

WHAT? Four per cent normal tax on the computed net income in excess of the personal exemption, credit for dependents, earned income credit, and interest on U. S. savings bonds.

WHAT? The normal tax on the computed net income in excess of the personal exemption, credit for dependents, earned income credit, and interest on U. S. savings bonds.

## FINANCE CAMPAIGN FOR ODD FELLOWS TO OPEN FRIDAY

Everything was in readiness Thursday afternoon for the campaign here Friday morning between 10 and 12 o'clock to secure the necessary funds for the entertainment of the annual sessions of the Grand Lodge, IOOF of Texas and Rebekah Assembly of Texas here March 13-16, Festus A. Pierce, finance chairman announced, and a report will be made Friday afternoon to the general arrangements committee.

Chairman Pierce stated that contribution blanks would be distributed to the block workers and chairman Thursday afternoon and that he felt sure the necessary funds would be raised Friday morning.

Discussing the advance committee's work Thursday at the finance director said he had not received a detailed report from that committee, but had learned the response had been good.

He believed that the necessary funds will be raised Friday by noon and that a definite announcement can be made at the meeting Friday afternoon at the corporation court room at city hall at 3:30 o'clock on call of Co-chairman W. P. McCammon.

The general arrangements committee and committee chairman will meet Friday afternoon at the corporation court room at city hall at 3:30 o'clock on call of Co-chairman W. P. McCammon.

## Magnolia Refinery Whistle To Be Put In Daily Use Soon

"We're going to blow our whistle and let Corsicana know at every week day that we are here and doing our part to make our home community one of the best places in Texas," was the way C. S. Dickens, superintendent of the Corsicana refinery of the Magnolia Petroleum Company announced that beginning next Monday, February 22, the "Big Whistle" would be sounded at intervals during the day and not reserved as an "emergency alarm" as it has been for the many years past.

Mr. Dickens said that he was making the announcement well in advance of the starting date, in the interest of public safety, being conversant with the custom of residents of the city to drop everything and hasten to the refinery when the "Big Whistle" turned loose with its "wildcat" tune that could be heard for many blocks past the city limits.

The superintendent stated that the whistle would continue to be used as a "fire signal" and that a blaze within the refinery precincts was of such proportions that the regular detail of men would not handle it; reserves would be needed; three whistles would be blown; the first signal that the fire is out or under control.

**JOKE ON OSSIEZKY**

It is a pleasure for American newspapers to hammer away at Nazi Germany. The hammering, of course, isn't really at Germany but at the tyrant who speaks for the German people, allowing no one else to speak. Some things can't be passed over in silence. The case of the Nobel Peace Prize, for instance. For meanness in high place, it will be hard to find an equal in history.

Carl von Ossietzky, a brilliant and patriotic German editor who believed that pacifism was the best policy for his country, had his paper confiscated and was sent to a concentration camp, and there treated so badly that he developed tuberculosis and was released when near death. The world so clearly recognized his services to civilization, and to Germany's own best interests, that he was awarded the Nobel Peace Prize. Though ill in a Berlin hospital, he was expected to go to Oslo in person to receive it, and hoped to do so.

But the Nazi government forbade him. Furthermore, the Nazi authorities have announced, Ossietzky himself, reduced to poverty and lifelong invalidism by persecution, will not be allowed to receive the money. The government itself will take all of the \$40,000 except \$200.

This is done through as petty a subterfuge as has ever been recorded in the annals of a great nation. Instead of confiscating the award money outright, the Hitler government takes it in the guise of a bill for the cost of keeping Ossietzky in the camp that wrecked his health and career.

How the humorous Nazis who figured that out must have smiled over their joke! But no true friend of Germany smiles.

**WELL BEHAVED NEIGHBORS.**

The city of Mexico, from all accounts, must be a very pleasant place, not merely because the city itself is beautiful but because its people are so pleasant and well-behaved. American tourists are extravagant in praise of native courtesy and gentleness. But it goes farther than that.

A traveler tells of his experience on a Sunday in the lovely palace and grounds of Chapultepec, overlooking the city. There were bands and orchestras playing good music. He walked around with the throngs of Mexicans who moved slowly, hat in hand, speaking in low tones and never stepping off the strip of carpet provided for visitors. There were signs here and there saying "Do Not Touch," and nobody touched. Neither did anybody pick flowers or throw scraps of paper or orange peels on the lawns and walks. "Never," he says, "have I seen public decorum at a higher level."

We hesitate to suggest how an ordinary American crowd of Sunday sight-seers would probably behave at such a place. We are accustomed to thinking of our southern neighbors as only about half-civilized. Perhaps we have been mistaken. What is civilization, and how may it be recognized?

Two classes of people never learn anything and never forget anything. They are the extreme conservatives and extreme radicals.

A successful government is one that's right more than half the time.

**JUST FOLKS**

(Copyright, 1937, Edgar A. Guest)

**CHAIRS.**

We got to talking furniture of period and design. Of fancy chairs with spindle legs which frighten as they shine. And all I said to her was this: "The chairs that suit me best are those that have a welcome warm for all who want to rest."

"Now, take those fancy chairs out there, of satin and brocade. You know yourself your closest friends to use them are afraid. Nobody ever willingly on such rich splendor sat. You always have to coax a guest to use a chair like that."

"Observe them entering the room. Why do they look about? They're seeking for an easy chair with legs they know are stout. Those pretty backs and slender seats no confidence can win. What people want are good old chairs designed for sitting in."

And so I say, give me a chair without much style at all—A friendly and inviting chair in which a man can sprawl. Give me a chair with cushions deep where friends contented stay. Those proud, aristocratic things just frighten folks away.

**"LATEST FINGER-PRINTS."**

There are fingerprints and fingerprints, the familiar type and a "latent" variety which the Federal Bureau of Investigation has lately perfected. The latent prints may stay on anything a person touches and may last for months. They are not found by common methods, but require the aid of chemistry—fuming chemistry chambers, cold chemical baths and invisible rays—to bring them out.

As explained by G-men to the American Association for the Advancement of Science, prints may be taken from "almost impossible places." They do not have the whorls and curved lines of the familiar fingerprint. They are tiny dots or points which no two persons could have in the same precise locations.

Fingerprints contain calcium and other chemicals and the sweat pores deposit microscopic dots of moisture which are more fats and acids than water. When properly treated these dots show in distinctive patterns. The chemical that will develop one person's prints may fail for another's. But for each individual there is something that will find the latent prints. Not many tests are needed to find the right developer because the dots divide chemically into a very few classes.

Popular interest in fingerprinting as a means of identification and protection for all citizens is strong. The latent prints improve the whole system.

**TRUTH IN PAPERS.**

The state senate of Tennessee has passed, by almost unanimous vote, a measure that would be considered extreme even in Russia or Italy. "Any untruth" about an individual published by a newspaper is to be punished by a fine of \$50 to \$500 and the banishment of the convicted editor and publisher from his profession for life.

There is no recourse even when the statements have been made in good faith and with probable cause. Printing an untruth about a person on the editorial page "shall be deemed to have been done knowingly and with the intention to harm or destroy the character of the person or persons affected."

If this bill became law, and were enforced literally, there would soon be no more newspapers in Tennessee. Such human perfection as the Tennessee senators seek is unattainable in the newspaper profession or any other. The ablest editors in the world are not infallible in their judgments, and the ablest reporters are not infallible in gathering and writing the news on which editorial judgments are based. All that can be attained, or expected, is reasonable care and honesty in the presentation of news and opinions.

Fortunately the governor and the lower house of the Tennessee legislature were opposed to this monstrous bill, holding that the libel laws are adequate now and the bill was killed in House committee.

News Items:—Big decline in marriages in Germany and Italy

**HELPING THE LAW**

What can the decent private citizen do to free his town of gangsters and racketeers? A safety director, speaking to a Kiwanis Club, answered the question.

"If industrialists and business men would report threats and any suggestions that they should 'buy' protection, racketeers could be driven out in a few weeks. 'Come in and give me the information. I shall not put you on the spot or expose you on the witness stand. But don't hide the facts and thereby help gangs prosper while injuring yourself and endangering all other decent businesses and industries. In other words, citizens must help clean up such situations.'"

It has been pointed out before that racketeering and fraud of many kinds gain much of their strength from the hesitation of victims to denounce them. Sometimes the hesitation comes from fear of violence, sometimes from fear of the attendant publicity. A few courageous citizens, taking the lead in such denunciation, would greatly strengthen the hands of police and other law enforcement officials.

**CHORAL SPEAKING**

An English voice-trainer, now in this country, has an interesting way of teaching people to speak clearly and beautifully. She calls it "choral speaking." That is, speaking together as in a stage chorus or in the responses of a church service.

It is done partly to overcome people's self-consciousness and partly to get them into the habit of rhythmic, full-throated utterance.

It is something much needed in this country, where so many of us get into habits of nervous, jerky or "sloppy" speech. English, though ordinarily a harsh language, can be made musical and pleasant by paying a little attention to the matter.

There is no finer art than fine speech—supplemented, of course, by a mind that provides something worth saying. Most of us seem to think it's enough if we spill our words out in any old way.

**COUPLE CORSICANA PROJECTS IN LIST FUND ALLOCATIONS**

SAN ANTONIO, Feb. 18.—(Spl.)—Recent allocations of \$305,667 for the operation of 31 Works Progress Administration projects in Texas will make possible the employment of 2,070 persons who are now employed on nearly completed projects or who have been recently released from completed jobs. It was announced today by Robert J. Smith, deputy state administrator. Federal funds are to be augmented by \$159,886 to be supplied by local governing agencies. Projects recently approved, with amount of WPA grant, sponsors' funds, and number of workers to be employed, included: Navarro County, Corsicana—City street improvements; federal funds, \$11,358; sponsor's funds, \$5,505; workers, 89. Corsicana—City street improvements; federal funds, \$4,759; sponsor's funds, \$2,629; workers 75.

Work on one of these projects was started in Corsicana this morning on West Second avenue between Twenty-sixth and Twenty-seventh streets.

**FUNERAL SERVICES FOR D. F. SULLIVAN TUESDAY AFTERNOON**

Funeral services for D. F. Sullivan, aged 71 years, who died at his home, 616 South Main street, Monday morning at 10:15 o'clock, were held from the chapel of the Corsicana Funeral Home Tuesday afternoon at 3 o'clock with interment in Oakwood cemetery. The rites were conducted by Rev. W. M. Burgess.

Surviving are his wife, seven children, Mrs. J. B. Dodson, Corsicana; Mrs. N. Reid, Corsicana; Mrs. Marguerite Groves, Palestine; Mrs. A. C. Joyce, Ioga; B. B. Sullivan, A. R. Sullivan and A. D. Sullivan, all of Dallas; a stepson, W. B. Smith, Texarkana, and a step-daughter, Mrs. Annie Blevins, Houston.

Interment was in the Blakney, Oakwood, and Main Doss, Fete McClary, Sam Crabbs and Eldin Cox.

**Tiny Egg Found In Yolk Ordinary Egg at State Home**

J. S. Halley, superintendent of the State Home, exhibited a tiny Lehigh egg Monday afternoon that had been discovered in the yolk of a normal sized egg by his cook.

The small egg was approximately an inch in circumference the long way, and about three-quarters in the smaller measure. Mr. Halley reported that X-ray examination of the egg had shown that it contained a yolk and was apparently normal. He stated that he intended to send it in to "Believe-It-Or-Not" Ripley.

**Fallon Woman Was Buried Prairie Grove Cemetery Sunday**

MEXIA, Feb. 18.—(Spl.)—Funeral services were held Sunday afternoon at the Prairie Grove cemetery for Mrs. J. E. Rudasill, 77, who died at her home in Fallon Saturday night at 11 o'clock. Rev. J. C. Newman, Mexia, and Rev. Bullock, of Normangeo, officiated.

Mrs. Rudasill is survived by her husband, four daughters, Mrs. E. C. Watson, of Marquez, Mrs. R. J. Gregory, of Ennis, Mrs. C. B. Williams, Mexia and Mrs. Marie Johnson, Fallon; two sons J. L. Rudasill, Teague and W. E. Rudasill, of Tucson, Arizona.

**Courthouse News**

**District Court.**  
The Navarro county grand jury resumed its investigations Tuesday morning, after having been in recess for several days.

**District Clerk's Office.**  
The following cases were filed: Ex Parte, Edith Craig, to remove disability of minority. Mrs. E. H. Perry vs. Homer Perry, divorce.

**Marriage License.**  
W. E. Hill and Neva Alexander. F. L. Hulan to W. R. Nowlin, 180th royalty interest in 20 acres of the L. M. Armstrong survey \$10.

**Warranty Deeds.**

Havner subdivision, Wiley Powell one-third league survey on North Tenth Street, Corsicana, \$500. A. G. Smith, et ux, to Ray Smith, 2 1-2 acres of the John M. Morrell survey \$1,000. A. D. Chancey to W. H. Milam Jr. and W. H. Brown, one acre of the William Hamilton survey one mile south of Corsicana, \$10 and other considerations. J. R. Gentry, et al, to Horace S. Scroggins and Martha B. Scroggins, part of Block 353, Corsicana, \$400. Mrs. Lou Ashworth to Chrispin Robles, Lot 5, Block 215, Corsicana \$350. Armour and Company to Armour and Company, Ltd., Lots 11 and 12 and an easement on Lot 13, Block 239, H. and T. C. R. R. Co., addition Corsicana \$10 and other considerations.

**Constable's Office.**  
Constable Clarence Powell and Deputy Constable Ole Renfro arrested two truck drivers for overloading and one for speeding Monday night.

**Justice Court.**  
One was fined for speeding and another for overloading a truck by Judge A. E. Foster. Two were fined for overloading trucks by Judge W. T. McFadden Monday night.

**Probate Court.**  
The will of the late E. A. Johnson was admitted to probate by County Judge Paul H. Miller Monday. Clara R. S. Johnson was named independent executrix. The will of A. M. Hammett deeded "A New Type Unit in High School English," and later was elected chairman of the English section for next year. L. P. Forsyth, high school manual training teacher, presided as chairman over the industrial educational section.

**SEVERAL CORSICANA TEACHERS ATTEND MEETING IN WACO**

Several Corsicana public school officials and teachers attended the Central Texas division Texas State Teachers' Association meeting last week-end in Waco, and other teachers participated on the programs. Miss Anna Belle Kiber, high school English teacher, addressed the English section upon the subject "A New Type Unit in High School English," and later was elected chairman of the English section for next year. L. P. Forsyth, high school manual training teacher, presided as chairman over the industrial educational section. Making up a party attending Friday night's sessions were Superintendent W. H. Norwood, O. E. Douglas, high school principal; W. D. Pollard, William B. Travis principal; Don Q. Adams and F. A. Herrin, teachers. A number of other teachers also attended the sessions.

**RED CROSS PLEASED WITH RESULTS LOCAL FLOOD RELIEF WORK****FEW ADDITIONAL CONTRIBUTIONS RECEIVED LAST SEVERAL DAYS**

That the National Red Cross is pleased with the response from the Navarro county chapter to the appeal for flood relief funds is apparent in a letter received by J. N. Garrity, Navarro county Red Cross chapter chairman, who has been most active in the campaign for funds in this county and city. The sum of \$15.03 additional since last report has been received, making a grand total of \$3,184.81 received to date. The letter received by Mr. Garrity in connection with the response made by Navarro county to the emergency call for relief follows:

Mr. J. N. Garrity, Chairman, Navarro County Chapter, American Red Cross, Corsicana, Texas.

My dear Mr. Garrity:

This will acknowledge your letter of the 9th of February transmitting an additional contribution of \$840.00 from the Navarro County Chapter, making a total of \$3,127.00 transmitted to date.

On behalf of the flood refugees whom we are serving, we wish again to recognize your chapter's accomplishment. Will you please convey our appreciation to the other officials of your chapter and to the many volunteers who have contributed to the successful result of your chapter's fund appeal.

Sincerely yours,

(Miss) SHIRLEY FERGUSON, Chapter Service. Since last report the Daily Sun reports contributions from Mrs. N. J. Jordan, Frost, Route 1, Mrs. J. E. McLemore's Sunday School class of the First Baptist church, Mrs. J. A. Gunter, and Room 7 of the Sam Houston school. Total \$5.53.

The State National Bank reports contributions from Mrs. Sanford Bingham, M. B. Swanson, and cash, for a total of \$2.50.

The First National Bank reports contributions from Mrs. Bullock, Dawson; Mrs. R. W. Patterson, Dawson; S. E. Hopkins, Dawson; A. E. Foster, and Mrs. Henry Miller, Corsicana. The total of \$7.

This is additional contribution from Dawson, Texas, which makes a total of \$104.40 sent in, and they report \$18.00, which was sent in through another chapter which makes a total of \$122.40 contributed by Dawson citizens.

**Three Killed In Plane Crash At Corpus Christi**

CORPUS CHRISTI, Feb. 18.—(AP)—A plane which side-slipped and crashed near the Corpus Christi municipal airport last night, carried three men to their deaths.

J. L. Dimotakis, 50, Corpus Christi, radio operator, was killed instantly. Louis Pietzsch, electrical worker, and Clyde A. G. Crabtree, the pilot, formerly of Oklahoma City, died a short while later.

M. F. Clark, department of commerce inspector, was expected here today to begin an investigation. Crabtree banked the small, low-winged monoplane sharply close to the ground, apparently planning to land at the airport, witnesses said.

**Frank Johnston Of Purdon Died Early Tuesday Morning**

Frank Johnson, a long time resident of the Purdon community, died at 8 o'clock Tuesday morning at his Purdon home. Funeral plans had not been made at noon today, but the services will be held sometime Wednesday.

Surviving are five daughters and other relatives.

**Cage Coaches Named All Freestone Club**

TEAGUE, Feb. 18.—(Spl.)—Twelve players were named by the eight basketball coaches of Freestone county when they selected all-county teams following the tournament won by the Fairfield Eagles. One player was a unanimous choice, Newman of Fairfield. Counting first place mention worth two votes, and second, one vote for positions developed, noted below:

First Team: Forwards, Cleere of Kirven, and Tacker of Freestone and Horton of Fairfield tied; center, State of Streetman; guards, Newman of Fairfield and Grand of Fairfield.

Second team: Forwards, Partin of Freestone and Hardie of Teague; center, Cox of Teague; guards, Elliott of Teague, and Cain of Teague and Christian of Freestone, tied.

The Teague Lions were the only club to gain a win over the championship Eagles in Freestone county's two-defeat elimination meet, winning one game 9-8 and losing two others. Freestone fell in the final game 31-23, after drawing a bye when Teague, Fairfield and Freestone were the only clubs left with only one defeat.

The Freestone county all-stars are slated to oppose the Leon county all-stars in a three game series, one game at Buffalo, one at Teague and the third game, if necessary as yet undecided as to site. L. E. Peavy, coach of the winning Eagles, will be the head of all the all-stars.

**Landmark Destroyed By Fire Saturday**

Fire of unknown origin destroyed the old Jim Walton home two and one-half miles northeast of Corsicana on the Petty's Chapel road Saturday afternoon. The house was an old landmark and was constructed more than a half century ago by the late Jim Walton, at one time sheriff of Navarro county.

**ROANE RESIDENT DIED TUESDAY IN LOCAL HOSPITAL**

B. F. Dill, aged 64 years, of Roane, died in the Navarro Clinic Tuesday morning at 4 o'clock. The funeral services will be held at the First Baptist church Wednesday afternoon at 3 o'clock with interment in Oakwood cemetery. The rites will be conducted by Rev. L. B. Jenkins and Rev. E. T. Miller, Baptist minister.

A native of Atlanta, Ga., Mr. Dill came to Texas 60 years ago. He had resided at Roane for the past 13 years. Surviving are his wife, two daughters, Misses Ethel and Margaret Dill, both of Roane; a son, Jack Dill, Roane; two brothers, W. W. Dill and O. E. Dill, both of Corsicana; three sisters, Mrs. Ella Cox, Beaumont; Mrs. George Newey, Oklahoma City, and Mrs. W. R. Nealey, Tyler, and three grandchildren. Services are being arranged by the Sutherland-McCammon Funeral Home.

**Honor Roll For Cade School Given**

STREETMAN, Feb. 16.—(Spl.)—Following is the Cade school honor roll: Second grade—Eva Nell Livingston, and Mary Jo Zuber. Third grade—June Harris and Luther Moore. Fourth grade—Marion Jenkins. Fifth grade—Johnnie Rose Livingston and Ina Jo Craig. Seventh grade—Jerry Harris.

## STAR PERFORMER OF BARRY LOST RESULT FOURTH FOUL RULE

### EMHOUSE THEN OVERCOMES LEAD PILED UP IN THE FIRST HALF

Emhouse high school and Barry high school girls, playing off a tie in the M. C. A. sponsored county girls' basketball tournament, battled to a 16-16 impasse Tuesday evening on the Y court, and remained tied for top honors in the league. At the close of the playing season Barry, Emhouse and Currie were locked for first place, and a round-robin was held to determine the three ranking places. Currie was eliminated, and relegated to third place.

In two other games last night Bryan high school girls edged out Navarro 24-22 to defeat over Navarro, and the Naver-Exes, a Y. coached team of former county girls, defeated Pettys Chapel 28-16.

Barry had a distinct advantage in the first half last night, and were out in front 4-2 at the end of the first quarter, and 15-4 at the half.

Early in the third quarter, Barry's mainstay, the three ranking Watkins, who last week scored 63 points in a single game, was banished from the game via the four-foul rule, and apparently the entire offense was demoralized. Barry held a lead during that period, while Emhouse was pulling up 11 points.

More Trouble for Barry. In the fourth, Emhouse caught up with Barry, and tied the score at 15-15. Additional misery was dished out on the Barry squad, as Russell, star guard also went the four-foul route. With but a minute or more to play, the lead changed, and as the game reached its climax, Owen of Emhouse did likewise, tying the score at 18-18, and that's the way the game ended.

C. F. Broughton, physical director, and promoter of the league, decreed the game should stand at a tie, and would not be extended to an extra period to determine a winner. His decision necessitates the teams playing another game to determine the title. He has not announced the date of the next game.

Following are the box scores of last night's games:

## Kansas City Man Purchases Local Lumber Business

The Pickering Lumber Sales Co. recently sold their lumber and building material yard on South Seventh street to W. R. McKee, Kansas City, Mo.

Cecil F. Foster has been appointed manager of the new W. R. McKee Lumber Co. in Corsicana. Mr. Foster, who formerly operated the yard for Pickering, says that there will be no change in the yard's personnel.

Mr. McKee, the new owner of this property, has been general auditor for the Pickering Lumber Co. in Kansas City for 25 years. As a part of their reorganization plan, the Pickering Company has sold ten of their Texas retail yards during the past year.

Mr. McKee contemplates several improvements in the yard, and with larger and more complete stocks of modern building materials is prepared to effectively serve those with repair or building requirements in this vicinity.

Do you want to buy something? Phone 163 for classified rates.

## M'Nutt Nominated As Philippine's Governor General

### WASHINGTON, Feb. 17.—(AP)—

President Roosevelt nominated Paul V. McNutt, former governor of Indiana, today to be United States high commissioner to the Philippine Islands.

McNutt will fill a place that has been vacant since last summer when Frank Murphy was given a leave of absence from the post to run for governor of Michigan.

McNutt completed a four-year term as governor of Indiana last month.

The Indianan visited the White House today. Later he said he would remain here a month before going to Manila.

McNutt said the president wanted him to be here when the Philippine mission, headed by President Franklin D. Roosevelt, arrives to discuss future trade relations between the two countries.

Asked if there was an understanding he would remain on the assignment for a definite period, he said:

"I won't comment on that."

The former governor said he had given his answer to the president's offer today. He will leave Indiana by way of Pittsburgh, where he speaks tomorrow night.

Lawyer-soldier, McNutt is 45 years old. He was national commander of the American Legion in 1928.

The high commission pays \$18,000 a year.

Since Murphy left the post, J. Milton Jones of Texas, former financial director of the Philippine mission, and former insular auditor, has been acting commissioner.

Underwriting of the expense of entertaining the annual meeting of the Grand Lodge of Texas Odd Fellows and the Rebekah Assembly will be started Thursday morning under the direction of Festus A. Pierce, acting chairman of the finance committee.

Members of the advance committee, headed by Mr. Pierce and including W. P. McCammon, Ralph R. Brown, John C. Hughes and W. A. Lang will start their work Thursday morning.

A meeting of all of the campaign workers is scheduled for 10:30 Thursday morning at the city hall to receive final instructions for the city-wide canvassing on Friday.

Members of the finance committee are predicating their appeal for the necessary funds to cover essential expenses on the facts that Corsicana has not had a campaign in years, and that the activities of the local members of the fraternity must be supported locally, and that Corsicana must acknowledge its indebtedness to the extensive annual contributions made to the business of the city by the Odd Fellows Home over a period of years.

The following assistants for the drive for funds for the I. O. O. F. state meeting are hereby named for the districts indicated, and are requested to meet with the chairman at city hall at 10:30 p. m. Thursday. The campaign will be made during the morning of Friday.

Districts will include the entire blocks both east and west of Boston street, between the avenues indicated.

No. 1 (Second and Third avenues)—A. S. Handley, J. C. Bule, L. J. Herod, N. M. Hawkins.

No. 2 (Third and Fourth avenues)—M. A. Tekell, E. F. Allen, T. C. Orr, W. T. McKee, R. B. Jackson, Russell Purifoy.

No. 3 (Fourth and Fifth avenues)—Robert Cason, L. E. Carr, R. M. Hopkins, Chas. Byrd, J. J. Milton, Ed Wendorf.

No. 4 (Fifth Avenue and Collins) (except S. N. Bank Building)—E. L. Keith, M. Evans, Allen Edens, Sr. Chas. Banister, Louis Hashop, R. L. Nix, J. M. McGee.

No. 5 (Collins to Sixth avenue)—S. N. Georges, L. W. Ashmore, J. S. Mitchell, L. V. Majors, A. B. Dawson, L. M. Morton, E. M. Polk, Jr.

No. 6 (Sixth to Seventh avenue)—J. N. Garitty, Jimmy Lorimer, George Labban, Dennis McBroom, A. B. Williams.

No. 7 (West Side Main, Eighth to Collins)—J. I. Ellett, W. T. McGandy, S. L. Dublin, C. L. Matthews, Jr., E. W. Ellis.

No. 8 (West Side Main, Collins North to Third)—J. I. Clowe, R. D. Kinney, Clark Butler, Carl Patterson.

No. 9 (Business Houses Along Highway 75 Through City)—L. M. Fauber, Brooks Porter, Paul Dresser, O'Neal McClanahan, E. W. O'Daniel.

No. 10 (Lumber Yards, Bottling Plants, Compress, Ice Plants, Oil Mills)—F. W. Smith, Frank Moon, Ralph Stoll.

No. 11 (Filling Stations Not Located on Beaton, Commerce or Main) (Second to Seventh)—Frank Caldwell, R. D. Waters, Dean Allen.

No. 12 (State National Bank Building)—John Corley, C. C. Sands, Jack Paul.

May Open Business Here. J. T. Newsome, former Corsicana resident, now of Fort Worth, was a visitor here Tuesday, and is contemplating returning to this city to again enter the piano and music business.

## SENATORS WHEELER AND BONE HOPE FOR COURT COMPROMISE

### WASHINGTON, Feb. 17.—(AP)—

Senators Wheeler (D-Mont) and Bone (D-Wash.) proposed today a constitutional amendment which they predicted would be "accepted as a compromise" by both opponents and supporters of President Roosevelt's judicial reorganization program.

Their proposal—patterned after the "Madison amendment" originally considered during the constitutional convention—would empower congress to re-enact by a two-thirds vote any federal law invalidated by the supreme court.

No action would be taken, however, until a new congress had been elected following the supreme court's decision.

Wheeler—an opponent of the President's request for authority to increase the high court's membership unless justices now over 70 retired—suggested the amendment might be speedily ratified by special conventions called in each state, a method provided in the constitution but rarely used.

Senator Norris (Ind-Neb) and other so-called "liberals" who have criticized the President's plan were expected by some congressmen to back the Wheeler-Bone compromise.

Wheeler said he would not oppose additional measures for curbing the supreme court's power, if his proposed amendment were adopted. He specifically indicated he might support Norris' plan for retiring a 7 to 2 vote of the court to invalidate acts of congress.

WASHINGTON, Feb. 17.—(AP)—

A pledge by labor's non-partisan league to support enlargement of the supreme court coincided today with an expression by the National Grange of doubt as to its wisdom.

The entrance of those organizations into the judicial controversy—first of their kind to speak formally—was followed by divergent reactions of three Democratic senators.

McAdoo of California and Thomas of Utah urged adoption of President Roosevelt's program but Van Nuys of Indiana advised congress not to "tamper with the courts or tinker with the constitution."

The decision of labor's non-partisan league brought to the president's aid an organization which supported him in the 1936 election. It is headed by Major George L. Berry, Mr. Roosevelt's co-ordinator for industrial co-operation. John L. Lewis of the United Mine Workers is vice president.

The league said it would put all its resources into a national campaign.

The Grange spoke through its master, L. J. Taber, who explained masters of State Granges had authorized the statement.

To the extent of favoring steps to eliminate delay and reduce costs in lower federal courts, he said, the Grange is in accord with the president.

He added "We doubt the wisdom of giving to any president of the United States at any time the right to change the size of the supreme court because of the age of its members."

Grand Jury Takes  
Recess One Week

The Navarro county grand jury late Tuesday afternoon recessed one week until next Tuesday without returning any indictments to District Judge Wayne R. Howell.

J. O. Burke, foreman, asked for permission for the week's recess which was granted by Judge Howell.

Resolution Tabled.

AUSTIN, Feb. 17.—(AP)—The house of representatives today tabled a resolution which would have requested the board of control to appoint T. E. Darcy of Johnson county as old age pension director. It took the position that was a matter for the board to decide.

## CRITICS BRITAIN'S HUGE REARMAMENTS PLAN OPEN BATTLE

### GOVERNMENT ALLEGEDLY IS PLANNING TO SPEND SEVEN AND HALF BILLIONS

LONDON, Feb. 17.—(AP)—Chancellor of the Exchequer Neville Chamberlain launched today a two-day debate on the \$7,500,000,000 British defense program with this declaration in commons:

"Unprecedented conditions of the time have forced upon us this vast expenditure."

He then moved adoption in committee on ways and means of the resolution authorizing a \$2,000,000,000 arms loan.

Labor and liberal leaders mustered their forces for a battle against the government's attempt to float the loan and raise the remaining \$5,500,000,000 by taxation within the next five years.

Leaders of the fight against the vast peace-time defense measures, announced in an official white paper, charged the program was inflationary and would skyrocket the cost of living.

Included in the consequences of the greatest expenditure for war that Great Britain ever has contemplated in peace, they declared, would be increased speculation and an exaggerated boom, with its attendant bad economic effects.

Other critics opened fire on the program as lacking co-ordination.

Financial observers estimated the increased burden on the British taxpayer would average a step-up in the income tax rate to \$1.37 in every \$5.00 of income. The average rate now is \$1.18 to \$5.00.

Despite the developing opposition, Premier Stanley Baldwin's government plunged ahead with determination to make Britain's navy the most up to date in the world, her air force as big as any on the European continent and her small army as efficient as that of any other power.

Although faced with a shortage of steel, iron scrap and raw materials, Britain is hastily building up a huge store of arms and ammunition sufficient to put more than two million soldiers in the field immediately it becomes necessary.

## CENTRAL TEXAS' CAGE MEET TO BE HELD WAGO COURT

### WAGO, MEXIA AND BYNUM ARE LISTED AS PRE-TOUR- NAMENT FAVORITES

WAGO, Feb. 18.—Drawings for places in the district (University of Texas) interscholastic league basketball tournament to be staged here Friday and Saturday were made at a meeting of coaches held here late Wednesday.

Pre-tournament dope favors Mexia, Wago and Bynum as the leading clubs, although the other clubs are stronger than in past seasons.

The opening tussle will be played Friday morning when the Mart Panthers, McLennan county champion, will meet the Corsicana high Tigers in the second round Friday morning at 11 o'clock.

Purdum is always one of the leading contenders for the district honors. Corsicana is stronger this year than has been the case in several campaigns but neutral critics will favor Purdum on this occasion.

Rosebud vs. Wago. Rosebud, Falls county champion, will oppose the strong Wago Bengals in the third game at 3 o'clock Friday afternoon.

Rosebud is weaker than the Falls county champion usually is and Wago is a decided favorite in this engagement.

Levita, Coryell county repre-

entative and a probable dark horse entry of the meet will oppose the strong Mexia Black Cats, the Limestone county champions and one of the strongest contingents in Central Texas.

Levita trounced the strong Gateville five and may give Mexia trouble, but the Falcons are expected to emerge victors.

The winner of the Mart-Bynum game will meet Clifton, Bosque county champion, at 7:30 o'clock Friday night. The winner of the Mart and Bynum clash is required to play two games the opening day.

Semi-Finals Saturday.

Semi-finals are slated for Saturday morning with the championship affair to be played Saturday night.

The winner of the Purdum-Corsicana contest will oppose the winner of the Wago-Rosebud tussle in the first semi-final Saturday morning at 10:30 o'clock while the winner of the Levita-Mexia tussle meets the survivor of the Mart-Bynum-Clifton competition in the other semi-final.

Coch Jimmie Gardner of Corsicana high and John A. Pierce, Corsicana grid mentor, attended the meeting Wednesday.

## CONGRESS TOLD TO PROVIDE SECURITY FARM POPULATION

### ROOSEVELT DECLARED ACTION IN MATTER CANNOT BE POSTPONED

WASHINGTON, Feb. 16.—(AP)—President Roosevelt told congress today that "action to provide security" for the nation's farm population is imperative.

Sending to the legislators a report of his special committee on farm tenancy, the chief executive declared "We can no longer postpone action."

"Most Americans believe," Mr. Roosevelt said, "that our form of government does not prohibit action on behalf of those who need help."

The committee recommended establishment of a new federal "windfall" tax on profits from land speculation, and broad actions in the field of tenancy reform.

The report to open the doors of the large committee was accompanied by four dissenting views. Farm Security Administration.

The majority report suggested a "farm security administration" to be created to direct the federal program. The agency would be under the secretary of agriculture.

A "farm security corporation" also was suggested to handle transactions growing out of changes in land ownership and of purchases of equipment and the like.

The committee proposed that the "windfall tax" be levied on capital gains from sales of land made within three years from the date of purchase.

The president said the committee emphasized these necessities: First, action to open the doors of ownership to tenants who now have the requisite ability and experience but who can become owners only with the assistance of liberal credit; long terms, and technical advice.

Loans and Guidance. "Second, modest loans, with the necessary guidance and education to prevent tenants from being misled into tenancy, and to help the masses of tenants, croppers and farm laborers at the very bottom of the agricultural ladder increase their standards of living, achieve greater security, and begin the upward climb toward land ownership."

"Fourth, co-operation with state and local agencies of government to improve the general leasing system."

The president said action along such lines "should furnish a sound basis for the beginning of a program to remove the present intolerable condition of the lowest income farm families."

Nation-wide Program Needed. He asserted the only solution was "a nationwide program under federal leadership and with the assistance of states, counties, communities and individuals."

Discussing the report the president said it revealed "a great problem of great magnitude and complexity."

He pointed out two of every five farmers were tenants while on average farm lands the ratio was great as seven out of every 10 farmers.

The tenant population has been increasing at the rate of about 400,000 annually for ten years, he said, observing that "the agricultural ladder, for these American citizens, has become a treadmill."

"When fully half the total farm population of the United States no longer can find security when millions of our people have lost their roots in the soil," Mr. Roosevelt said, "action to provide security is imperative, and will be generally approved."

Blaming the problem on long-time "unthinking exploitation of our agricultural resources, both land and people," the president asserted work must begin at once "with such resources of manpower, money and experience as are available, and with such methods as will call forth the co-operation of local, state, and federal agencies of government, and of landlords quite as much as tenants."

"Necessarily," he said, "whatever program the congress deems will have to be closely integrated with the existing agencies for maintaining farm income and for conserving and improving our agricultural resources."

The committee made 10 specific recommendations for state legislation designed to improve the lot of the tenant.

The laws suggested would provide for: Written agricultural leases. The right of the tenant to take away with him removable improvements upon termination of his lease.

Compensation of the tenant by the landlord for fixed improvements.

Compensation of the landlord by the tenant for damage which the tenant is responsible.

Adequate records to substantiate claims.

Requirement of six months notice to terminate a lease.

Compensation for termination without cause of a lease more than a year old.

Limit on landlord's lien during crop failure or other emergencies except when a sliding scale of payments prevailed.

Prohibition of a misdemeanor for renting a farm dwelling which fails to meet minimum housing and sanitary standards.

Creation of "local boards of arbitration" to settle landlord-tenant differences.

**President Repeats Belief Constitution Is Broad Enough**

WASHINGTON, Feb. 16.—(AP)—President Roosevelt today told congress again today of his belief that the constitution is broad enough to embrace his legislative proposals.

In submitting recommendations for dealing with farm tenancy to a congress embroiled in dispute over the chief executive's court reorganization plans, Mr. Roosevelt said:

"Most Americans believe that our form of government does not prohibit action on behalf of those who need help."

## New Nazi Subs Knifing Waters Of Kiel Harbor

### By The Associated Press.

Trim U-boats, with their Nazi swastika emblems on their flag, are knifing the waters of Kiel harbor these days as Adolf Hitler's third Reich develops an arm of naval warfare that wrought maritime terror in the World War.

But if the protocol for humanizing of submarine warfare—joined by Germany, the United States, Great Britain, France, Italy, and Japan—holds, the wartime use of submarines will be shorn of most of its horror.

The pact, signed by the powers last November, would require submarines to surface and give crews and ship's papers to places of safety before sinking merchant ships.

Even so, Kiel's Baltic waters hold white in the water of Germany's practice maneuvering of new born U-boats.

Germany has 28 of them in the water and eight under construction, according to the Anglo-German treaty of 1935—a 35 per cent ratio to the British strength.

## GENERAL MOTORS AND AUTOMOBILE WORKERS START CONFERENCE

### GROUNDWORK LAID FOR NEGOTIATIONS OF CERTAIN DISPUTED POINTS

DETROIT, Feb. 16.—(AP)—Conferees of General Motors and the United Automobile Workers in a two-hour meeting today laid the groundwork for negotiations they expect will settle the final points at issue in the recent widespread automotive strikes.

The first actual negotiation, they decided, will be on the setting up of machinery for handling grievances brought to attention of corporation officials by union representatives.

Authoritative sources said the union officials had been assured that General Motors would move as soon as necessary arrangements can be made, for dismissal of injunctions obtained by the corporation against sit-down strikers and union leaders.

William Knudsen, executive vice-president of General Motors, said the conferees had made a preliminary survey of the demands outlined by Homer Martin, union president, in a letter Feb. 4.

The conferees agreed to meet daily at 10 a. m. and 2:30 p. m. (EST), each side to be represented by three officials, although others may join the group at times.

DETROIT, Feb. 16.—(AP)—Representatives of General Motors Corporation and of the union who strikes shut off its automotive production for several weeks, met today to begin a conference aimed at final settlement of points at issue in the strikes.

The first discussion of the conferees was said by William Knudsen, the corporation's executive vice-president, to be determination of the order for discussion of six points omitted in the peace agreement that broke the strike last week.

He said the order was to be determined by the union, which started more than 100,000 idle employees back to their jobs.

Homer Martin, president of the United Automobile Workers of America, heated the union delegates to arrive in the conference room on the fifth floor of the General Motors building here.

DETROIT, Feb. 16.—(AP)—Six points omitted in the settlement of the General Motors strike provided the basis for negotiations today between representatives of the corporation and the United Automobile Workers of America.

The settlement last Thursday that terminated the prolonged and far flung strike disposed of two of the eight demands the union submitted to General Motors—a collective bargaining conference and recognition of the union for collective bargaining purposes.

The terms provided the remaining six points be negotiated in a conference opening today between delegations representing each side.

Homer Martin, U. A. W. president, listed the six issues as follows:

"Abolition of all piece work systems of pay, and the adoption of a straight hourly rate in its place."

"Thirty hour work week and six hour work day, and the time and one half for all time worked over the basic work day and work week."

"Establishment of a minimum rate of pay commensurate with an American standard of living."

"Reinstatement of all employees who have been unjustly discharged."

"Seniority, based on length of service."

"Speed of production shall be mutually agreed upon by the management and the union committee, in all General Motors plants."

**Speedy Unionization New Jersey Planned**

TRENTON, N. J., Feb. 16.—(AP)—Officials of C. I. O. unions said today they would speed up their drive to organize the highly industrialized northern New Jersey area.

Original plans for a studied, unionization drive, which had been among the half million workers in the area have been revamped, they said, in favor of an intensive campaign following Governor Hoffman's sharp attack on the strike methods of the John L. Lewis group.

The governor assailed the C. I. O. "sit down strike" strategy in the Michigan auto strike and said he determined to protect property here from such tactics, which he called unlawful. The North Jersey council for industrial organization retorted the attack was "a brazen promise of bloodshed."

With the North and General Motors automobile assembly plants in the area on the C. I. O. drive list, auto workers were called to meet tonight to hear a report on the recent Detroit strike and to discuss the methods of drive and organization methods.

**Kelvinator Strike Ends**

DETROIT, Feb. 16.—(AP)—A strike in Detroit plants of the Kellogg-Kelvinator Corp. ended officially today when representatives of the company and the Mechanics Educational Society of America signed an agreement.

Under its terms, a minimum wage of 75 cents an hour is established for men, except in the lowest labor classifications where the hiring-in rate is to be 65 cents.

**Guardmen Evacuated**

FLINT, Mich., Feb. 16.—(AP)—This city advanced another step toward normal today as three battalions of national guardmen ended their long vigil and production was resumed in Fisher body plant No. 2, one of the units occupied by strikers for 44 days.

The Chevrolet Motor company's assembly line began partial operation today as bodies became available from the Fisher plant.

General Motors officials predicted all plants here would be in full operation by Thursday night.

**AUTO WORKERS**

(Continued From Page One)

DETROIT, Feb. 16.—(AP)—A. W. A. said the union had assured General Motors that a complained-of practice of soliciting union memberships on company property would be halted.

## Woman Found Shot With Body of Dead Man Across Her

### BALTIMORE, Feb. 16.—(AP)—Mrs. Leonora M. Viel, 37-year-old divorcee, was found in her home here today, critically wounded, with a dead man lying across her body. She told police she had lain in that position more than 12 hours.

Mrs. Viel had been shot below the heart. Police officers, summoned to the home by a phone call from an unidentified person, quoted her as saying the shooting occurred about 10:30 last night.

She said the slain man was William Henry Armstrong.

Mrs. Viel told officers the man called at her home last night and requested her to go out with him. When she refused, she said, he shot her, then killed himself.

**DUST**

(Continued From Page One)

Dr. J. L. Cline, meteorologist in charge of the Dallas weather bureau, said there was little chance of immediate rain in the North-western portion of the state, needed to settle the dust. He said winds from the dust would prevent dust extending as far south as Tuesday when clouds enveloped the Rio Grande Valley for the first time in two years.

OKLAHOMA CITY, Feb. 16.—(AP)—Don't worry about dust storms affecting your health—just keep calm, relax and stay inside, Oklahoma's health commissioner advised today.

"We've analyzed dust," declared Dr. C. M. Pearce. "There isn't anything in it that would hurt you. Why, there isn't even enough silica to cause a cold."

That, he said, is dangerous. "Harsh sand particles irritate the tissue," he asserted, "producing 'mechanical pneumonia,' commonly called 'pneumonia.'"

Only in areas subjected to extreme "black blizzards," said Dr. Pearce, are the blowing sand particles of sufficient size to induce intense lung tissue irritation.

The way to avoid irritation, he said, is to breathe as little dust as possible and to avoid use of protective measures which would aid in breathing irritation.

He recommended dust masks for persons in areas heavily ridden by dusts. Dampened handkerchiefs, he said, would aid in breathing and protect the eyes.

For children, Dr. Pearce advised lightly closed doors.

**Guymon, Oklahoma, Still Dust-Ridden**

GUYMON, Okla., Feb. 16.—(AP)—Dust thinned slightly over the Oklahoma Panhandle today and Guymon schools reopened after a shutdown yesterday, at the height of a "black blizzard."

Citizens could see approximately 100 feet through the dust pall as they went to work. There was no prospect of rain to bring a respite from five days of dust.

Most of the remainder of Oklahoma breathed air free of dust particles, but Harry Wahlgren, federal weather observer at Oklahoma City, warned the storm could return at any time.

The state once more late today should the wind veer to the northwest.

Visibility increased to three miles at Oklahoma City, after dropping to one-half mile in yesterday's dust.

A "black blizzard" subsided at Hugoton, Kas., where 11 persons have died of influenza and pneumonia in the past few days, but blinding snow still plagued parts of Colorado and Texas.

Schools closed here yesterday. Only about 50 of the 250 high school pupils appeared for morning classes.

The weather sat in dusty classrooms, playing games, a few couples danced in the auditorium to piano music. Some read.

None returned in the afternoon. But the one-day holiday was to go no further.

"The whole day was lost," said E. L. McNeill, school superintendent, who pointed out the respite to dust or no dust.

At Hugoton, two church basements were turned into emergency hospitals to aid the stricken community of 1,500. There were as yet no reports of deaths.

Announced two nurses had been ordered there to meet the emergency health situation.

**ROBERT L. FRAZIER DIED WEDNESDAY AND BE BURIED FRIDAY**

Robert L. Frazier, aged 63 years, life-long resident of Corsicana, and well known here for many years, died at a local hospital at 8:30 o'clock, Wednesday night at 8:30 o'clock. The funeral services will be held from the family home Friday afternoon at 3 o'clock with burial in Oakwood cemetery. The rites will be conducted by Rev. E. T. Miller, pastor of the First Baptist church.

Mr. Frazier had been prominent in local and other circles for a number of years. He had been in ill health for some time.

Surviving are his wife, a brother, Thomas Frazier, Minnesota; two sisters, Mrs. Lena Worman, Dallas, and Mrs. W. S. Smith, Portland, Oregon, and other relatives.

Nephews will be pallbearers. Sutherland-McCammon Funeral Home will direct the arrangements.

**Permits Cancelled.**

Local officers were advised by state liquor control board this week that the permits to sell liquor held by the Rainbow Pharmacy, 418 South Seventh street, and Everybody's Drug Store, 302 East Seventh avenue, both in Corsicana, had been cancelled.

**Twenty-first Child Born.**

GODERICH, Ont., Feb. 16.—(AP)—In the well-ordered farm household of Mrs. M. J. Jones, Goderich, the birth of their 21st child, a girl, caused scarcely a ripple to day. Mrs. Masse is 43, her husband, 46.

## MAKE THIS MODEL AT HOME

### SHIRTWAIST MODEL PLUS GAY JACKET FORM A SLIMMING ENSEMBLE Pattern 4249

## ANDERSON RESIGNS AND CARPENTER IS GIVEN HIS PLACE

AUSTIN, Feb. 16.—R. B. Anderson resigned today as chairman of the State Unemployment Compensation commission and the name of Orville S. Carpenter, director of the old age assistance, was sent to the senate for confirmation as his successor.

Announcement of the official changes was made by Acting Governor W. T. Waggoner, who said the appointment of Carpenter was in both his and Gov. James V. Allred's name, so there would be no question about it. Governor Allred was in Washington and conferred with Woodul by telephone.

The director of old age assistance receives a salary of \$5,000 a year, while that of unemployment compensation commissioners is \$7,500.

The board of control said Jack Little, Carpenter's assistant, would act as pensions director until a permanent administrator could be chosen.

Anderson will be associated as an advisor with the W. T. Waggoner properties at Vernon.

**Employers Warned**

AUSTIN, Feb. 16.—(AP)—R. B. Anderson, chairman of the state unemployment commission, today warned employers their taxes on 1936 payrolls must be paid before Feb. 25.

**Crockett Girl Weds Powell Man; Bridal Shower on Thursday**

POWELL, Feb. 17.—(Sp)—The marriage of Miss Lorena Brown of Crockett and Percy Christian of Powell was solemnized on Friday, February 5, 1937 in the home of Rev. W. F. Langham, pastor of the Presbyterian church of Palestine. Those attending the couple were Miss Valerie Brown, the bride's sister, and Miss Hortense Rader, both of Crockett, and the bride's mother, Mrs. W. F. Langham.

After the ceremony the newlyweds returned to Powell Sunday after spending the week-end in Jacksonville. Crockett, and other Texas points. Their many friends join in wishing them all the best of the future.

Reba Edmundson and Allene Clark honored Mrs. P. L. Christian with a bridal shower, Thursday afternoon at the Powell school auditorium. The guests were received by the hostesses, Mrs. G. Christian and Esther Washington.

A series of Valentine contests directed by Reba Edmundson furnished much of the entertainment at the affair. When the contests were all successfully completed, each guest tried her hand at writing her favorite recipe.

The recipes were collected placed in a cedar recipe cabinet and presented to the guest of honor.

The big event of the afternoon yet awaited the guests. They were ushered into a room with a drawn curtain and went into seclusion for a surprise.

Refreshments of red and white brick ice cream and heart cookies were served to sixty guests. Including the following out-of-town guests: Mesdames John and Jim Estes of Roane, Mesdames G. B. and B. G. Garland of Portland, Oregon, and other relatives.

Nephews will be pallbearers. Sutherland-McCammon Funeral Home will direct the arrangements.

**Woman Arrested.**

A woman was arrested Tuesday night about 10 o'clock near Purdon by Deputy Sheriff Jack Floyd of Corsicana and Deputy Sheriff Corley of Athens, Henderson county, on a charge of alleged theft of fur coat and a purse at Athens recently.

The accused woman was returned to Athens by the Henderson county deputy.

**Roof Fire.**

Sparks from burning trash ignited the roof of a small garage behind the county jail about 3:40 Wednesday afternoon. Fire department officials answering the call reported damage of about \$10.

## WORKMEN'S FORMS CRASHED THROUGH SAFETY NET TODAY

### WORKERS PLUNGED 200 FEET INTO WATER AND BELIEVED LOST

SAN FRANCISCO, Feb. 17.—(AP)—Falling steel and timbers ripped away a huge section of the safety net under the giant Golden Gate bridge today and probably claimed 10 lives.

One body was recovered and the bridge office said nine workmen were missing.

Between 10 and 14 workmen were on the catwalk when the accident occurred and hurled them 200 feet into the water.

One body was recovered shortly after the mishap, two men saved themselves by hanging on to the ropes, two others were picked up by coast guard rescue boats, and several bodies were believed trapped in the submerged net and wreckage.

The first serious accident during construction of the \$35,000,000 span, due to be opened in May, occurred when a trolley wheel on a material carrier broke.

The carrier, which sheared away steel and wooden forms for cement paving on the span.

Workmen were stripping the forms and attempted to save their lives when they heard the roar of the falling timber.

Some of them leaped into the safety net, swung under the bridge to halt falling workmen.

But the weight of the steel and timber proved too heavy for the rope net.

It split straight across under the middle of the center span and then tore off for 2,100 feet to the 746-foot tower on the San Francisco side.

The recovered body was identified as that of Gustav Dummatz, a laborer.

SAN FRANCISCO, Feb. 17.—(AP)—The catwalk of the Golden Gate bridge collapsed today and several men were believed to have plunged into the ocean.

The catwalk, used in constructing the giant span, crashed through part of the safety nets.

"We don't know how many men were carried away," the engineer's office attendant at the scene reported.

**DEMOCRATIC FARM LEADERS CONGRESS APPROVE NEW PLAN**

WASHINGTON, Feb. 17.—(AP)—Democratic farm leaders in congress, expressing general approval of the president's long term recommendations to aid tenant farmers, agreed today to hasten consideration of low interest loans for the purchase of land.

Chairman Joseph R. Eastland said the house agriculture committee would hear suggestions tomorrow from Secretary Wallace or another member of the president's tenancy commission and then would draft a bill.

The committee has been studying a proposal by Jones and Senator Bankhead (D-Ala) to set aside \$500,000,000 for loans to tenants, sharecroppers and farm laborers to develop sub-farms.

A senate sub-committee headed by Senator Pope (D-Ida.) will begin hearings within ten days on the commission's seven point program to help 2,800,000 tenants become independent.

These recommendations, submitted to congress yesterday by Mr. Roosevelt, call for a confiscatory tax on idle land, a federal land speculation, a 40-year payment plan for tenants buying land with title withheld for 20 years, and retirement of between two and five million acres of poor crop land each year.

**ROANE WOMAN WAS BURIED THURSDAY IN CAMPBELL CEMETERY**

Funeral services for Mrs. Elsie Pritchett, wife of F. H. Pritchett, who died Tuesday afternoon at 6:30 o'clock were held Thursday afternoon at 2 o'clock at Campbell cemetery where interment was made.

The rites were conducted by Rev. T. Edgar Neal, pastor of the First Methodist church here.

Surviving are her husband, six sons, Albert Pritchett, Longview; Jim Pritchett, Roane; Joe Pritchett, Roane; Clarence Pritchett, California; and G. W. Pritchett, of Roane; and two daughters, Mrs. Viola Allen and Miss Jeannette Pritchett, both of Roane.

The Pritchett family was directed by the Southern-McCammon Funeral Home.

**DISCOVER SECOND FISHERMAN'S BODY ON LONELY ISLAND**

BROWNSVILLE, Feb. 17.—(AP)—Ovidio and Tomas Marruquin, young Brownsville fishermen, stabbed to death and their bodies thrown into the waters of Laguna Madre by the captain of a fishing vessel, a member of the crew and a coxswain of the vessel told officers here this afternoon.

The captain, his brother and two of their cousins, one of whom made the statement to officers, are being held by officers here.

Ovidio's body had been decomposed, was found in the bay on Feb. 11 and Tomas' body was found yesterday near the same place by the dead men's half brother, Gil, located formerly in Brownsville.

According to the confession the two men were killed on Jan. 22.

**JAPANESE SUICIDE BAND SOUGHT TODAY BY FRANTIC POLICE**

TOKYO, Feb. 17.—(AP)—Eight men and women, members of a fanatical Japanese suicide league, were sought today by Tokyo police with a frantic police search party on their trail.

Five of their comrades in the "Let's Die League" were held in Tokyo hospitals after attempting hari-kari (death by disembowelment) in an effort "to purify" the powerful Nichiren Buddhist sect.

Vigilant police disrupted the attempts of four would-be suicides as they knelt before public buildings and plunged daggers into their abdomens. All were arrested and hurried to hospitals before they succeeded in slashing themselves fatally, police said.

A fifth league member, slightly wounded, was discovered hiding in a room on the third floor of the home ministry.

The public hari-kari attempts occurred before the metropolitan police headquarters, the foreign minister's office, the diet building and the main entrance to Emperor Hirohito's palace.

Police seized Ohka Aoki, 25, outside their metropolitan headquarters, and a front tooth had been found in his abdomen. Most seriously wounded of the five, physicians expected him to survive.

One of the two grim manifestos, copies of which carried, said: "We are determined to obtain perfect freedom of religious belief by committing hari-kari as an object lesson for the government."

**Two Men Burned To Death Tulsa Elevator Today**

TULSA, Okla., Feb. 16.—(AP)—Two men working in an elevator of an office building were burned to death today when paint remover they were using caught fire.

W. C. Tekell celebrated his 88th birthday Sunday, Feb. 14. Mr. Tekell is in good health and is still farming, doing most of his plowing, some cotton chopping and picks cotton every fall. We wish him many more happy birthdays.

The friends of Mrs. Frank Jackson (nee Lorene Nesmith) surprised her Friday afternoon by giving her a miscellaneous shower. She received many nice things, and there were 33 present.

Mr. and Mrs. Carl Coker spent Saturday night with Mr. and Mrs. Will Slater of Brushy Prairie.

Miss Willie Mae Cook spent Monday with her sister, Mrs. Bill Tekell.

Mrs. Grady Elrod of Palestine spent last week-end with her mother, Mrs. Hattie Parrish.

Hulan Bill is at home with the mumps. He is a school teacher at Emmett.

**STREAMLINED BUS OF THIRTY CAPACITY IS BOUGHT BY SS CLASS**

A new streamlined bus, a 30-capacity vehicle, the property of the CYU class of the Eleventh Avenue Methodist church, Sunday School, has elicited considerable attention during the last several days since it has been exhibited.

The new bus is for the convenience of the members to and from the meetings of the class and is pressed into service for outings and trips of this wide-awake and progressive group of high school students. It is equipped with the latest safety appliances.

The bus is painted royal blue, trimmed in white, the colors of the class.

There are approximately 100 pupils enrolled in the class. Five regular drivers are available.

G. H. Ferrell is the teacher of the class.

**Dynamiting Big Glacier Useless Scientist Says**

FAIRBANKS, Alaska, Feb. 16.—(AP)—Dynamiting of Black Rapids glacier to prevent its advance on a roadhouse and the Richardson highway would be as ineffective as an attack by fireflies, said William Belst, scientist, recording the glacier's movements for the University of Alaska, said today.

"There are not enough bombs of dynamite in America to even make an impression on the main body of the glacier," Dr. Belst said.

The glacier continued its slow, steady movement down the big Delta river valley, 125 miles south of here, threatening to dam the two-mile wide river, destroy a roadhouse a mile from it and gorge out the highway, Interior Alaska's only highway outlet to the coast.

Scientists, however, said they believed the glacier would cease moving before it reached the roadhouse, owned by Mr. and Mrs. H. E. Revell, who had their belongings packed ready to move on a moment's notice.

Rev. T. Edgar Neal, pastor of the First Methodist church, has been called to Weatherford to officiate Friday at the funeral services of an old-time friend.

**Child Killed By Automobile Near Home Wednesday**

The men were Sherie E. "Bud" Goodense, 34, an employee at the building for the last four years and Cliff Tislow, a part-time worker.

Assistant Fire Chief C. H. Moore said the men were trapped in the cage between the basement and the first floor.

Goodense and Tislow were removing varnish from the oak paneled elevator. Moore advanced the theory a tiny spark might have ignited the paint remover fumes.

**Man Admits Shaking Baby to Death When Child Bit Him**

ONEONTA, N. Y., Feb. 16.—(AP)—Clyde Proctor, 27, was held on a second degree murder charge today after District Attorney Joseph Molinari quoted him as confessing he "shook to death" a 15-months-old baby "because it bit me."

Molinari said Proctor made his statement concerning the death of an infant son of Mrs. Thomas Hinkley last night in the presence of Chief of Police Frank N. Horton.

The prosecutor said Proctor had been rooming at the Hinkley house.

To speak at Kerens. County Superintendent G. H. Brown will be the principal speaker at the Future Farmers of America annual Father and Son banquet at Kerens tonight.

Sun want ads bring results.

**Rural Shade**, Feb. 18.—(Spl.)—Mrs. Sam Hale of Dallas spent a few days last week with her parents, Mr. and Mrs. Jim Terry.

Mr. and Mrs. Johnnie Quinn have moved to Trinidad.

Johnnie Quinn left Monday for Los Angeles, Calif.

Mr. and Mrs. Joe Trent visited Mr. Tom Bradley at the P. and S. Hospital Friday.

Bradley was operated on for appendicitis Wednesday of last week. She is the daughter of Rud Quinn of Rural Shade.

Ruth Dunton spent the week-end with her parents in Kerens.

Miss Irene Crofford of Mildred spent the week-end with her parents, Mr. and Mrs. Buss Crofford.

Mr. and Mrs. Bob Brunner spent Sunday with Mr. and Mrs. Greenwood of Kerens.

Ernest Conger and wife and Harry Wilkerson and family of Round Prairie visited Mrs. P. E. Trent Sunday.

Mrs. H. T. Trent and little son, Jerry Keith, have moved to Powell.

Henry Hale of Fort Bliss is spending a few weeks with home folks.

Miss Julia Bell Hutson and Miss Lulu Steward were Kerens visitors Saturday.

H. A. Scott and Georgia Scott were Round Prairie visitors Sunday.

Bob Smith and family visited H. H. Trent and family Saturday night.

W. J. Woodward is quite sick with flu.

Lee Roy Evin and Jim Terry were Dallas visitors Thursday of last week.

Mrs. Nellie Howell spent the week-end with her mother, Mrs. W. J. Woodward.

Mrs. Bob Smith and Mrs. John Morris were Corsicana visitors Thursday of last week.

**Barry**, Feb. 18.—(Spl.)—Mr. and Mrs. Frank Jones of Mineral visited relatives here recently.

Miss Lena Grimmer of Gladewater spent the week-end with relatives here.

Miss Pearl Powell spent Sunday with Mr. and Mrs. Hodkins in Blooming Grove.

Joe Grimmer of Hillsboro visited his mother here Sunday.

Mr. and Mrs. Clyde Watson and Barbara Jean of Mertens were visitors here Sunday.

L. D. Hall and family of Waco visited Mr. and Mrs. Herbert Bush Sunday.

Rev. J. U. McAfee of Moody is spending a few days with his daughter, Mrs. Tracy Varnell.

Mr. and Mrs. Immon visited in Kerens during the week-end.

Mr. and Mrs. Ed Varnell were Dallas visitors Friday.

Miss Ada Mae Hunsan spent the week-end in Ranger.

Mr. and Mrs. Bane spent several days with relatives in Nacogdoches last week.

Buck Varnell transacted business in Dallas Friday.

Mr. and Mrs. Guy Freeman of Dallas visited his mother, who has been ill Sunday.

Bernice Grimmer of Corsicana is visiting her grandmother, Mrs. N. J. Grimmer.

**Tick Eradication Figures For County Month of January**

The livestock sanitary commission of Texas spent approximately \$181.68 during January in Navarro county in an effort to eradicate foot ticks, infection according to the monthly report made of the work. A total of 107 herds and 1,675 head of cattle were inspected or dipped. No herds or cattle were found to be infested. Nine herds and 303 cattle are being held for further systematic treatment. All except 14 herds were dipped.

There were no tick quarantine violations, no convictions, no diseases, no cases pending in court and no fines in Navarro county during January.

**Kerens Takes County Title By Defeating State Home Cagers**

KERENS, Feb. 17.—(Spl.)—Defeating the State Home cagers 20-16, the Kerens Bobcats were acclaimed class "A" basketball champions of Navarro county. The game was played as a feature of the interscholastic league tournament held in Blooming Grove. Ray Tramel, star forward, James Carlidge and Adrian Crawford were outstanding players for Kerens.

**Child Killed By Automobile Near Home Wednesday**

GAINESVILLE, Feb. 18.—(AP)—A 6-year-old boy named Mac, who was here today from injuries received when he was struck by an automobile as he stepped from another car on the highway while en route home from school.

The boy was Arthur Lee Lynch, son of Mr. and Mrs. C. F. Lynch of Spring Grove community. The accident happened yesterday afternoon six miles east of Gainesville.

To speak at Roane. County Superintendent G. H. Brown will deliver the principal address at the Roane school and Parent-Teacher association meeting in Roane Friday night. He will speak upon the subject, "Character Building."

**Two Men Burned To Death Tulsa Elevator Today**

TULSA, Okla., Feb. 16.—(AP)—Two men working in an elevator of an office building were burned to death today when paint remover they were using caught fire.

The men were Sherie E. "Bud" Goodense, 34, an employee at the building for the last four years and Cliff Tislow, a part-time worker.

Assistant Fire Chief C. H. Moore said the men were trapped in the cage between the basement and the first floor.

# ITALIAN MOTORSHIP FELTRE SINKS AFTER COLLISION IN RIVER

ALL MEMBERS OF CREW ARE  
SAVED; FREIGHTER EDWARD  
LUKENBACH GROUND

PRESCOTT, Ore., Feb. 17.—(AP)—The Italian motorship Feltre sank in a collision with the American freighter Edward Luckenbach shortly before 3 a. m. today but all hands were saved as the 400-foot vessel went to the Columbia River's bottom, a hole stove in her side. The Luckenbach, six hours after the crash, was anchored or aground a mile downstream. The crash occurred in a ship channel of the Columbia river as the Luckenbach picked her way upstream in stormy weather while the Feltre was proceeding seaward. The craft were about 40 miles from Portland. "It was just a collision," said Capt. M. Rainey of the Feltre, who was on the bridge at the time. The Georgia Burton, of Portland, with ten of his crew of about 30. The others had been taken by the tug Warrior to Rainey, Ore. Although declining to discuss the cause of the wreck further, Capt. Rainey revealed he was on the bridge at the time. Two others of the crew were in bunks and the rest were in bunks when a grinding crash jolted them awake, throwing some to the decks. Chief Engineer E. Cobell said his second assistant engineer had to fight his way up from the hold as the water poured in. He narrowly escaped. The Edward Luckenbach, obviously much less damaged, was believed not to have suffered any casualties among her crew.

## Collision Came At Height of Storm

PORTLAND, Ore., Feb. 17.—(AP)—While gales howled over the Columbia river early today, the Italian motorship Feltre and the American freighter Edward Luckenbach collided, the Feltre sinking and the Luckenbach grounding on Cottonwood Island. Cause of the collision at 3 a. m., 40 miles down-river from Portland, could not be ascertained immediately but may have been the work of winter's worst storm over the broad Columbia. Four hours after the crash, the fate of the crews, numbering 38 on the Luckenbach and about 26 on the Feltre, had not been learned definitely here but the Radio Marine Corporation of America said it was thought "both crews are safe." Reports trickling piece-meal from the scene said at least half the crew of the Feltre was taken off by the tug Warrior. The Warrior was standing by. The Luckenbach was pictured in reports as grating into the sand of Cottonwood Island after the crash, her bow stove in. No passengers believed aboard. The river was thought to be about 35 feet deep at the scene of the collision, which would explain the sinking of the Feltre only to her promenade deck. The motorship, also a passenger carrier, presumably had none but her crew aboard. Disaster struck as the Feltre picked her way down the river, while the Luckenbach slowly steamed toward Portland. At the river's mouth the storm was so violent, observers claimed it as "terrible." Coast guard cutter Onondaga hurried up river from Astoria, 80 miles away at the river's mouth. It was the worst ship accident in many months on the Columbia, inland water gateway to Oregon and Washington. Much worse in maritime record, however, was the disaster which sent the freighter Iowa to the treacherous sands of the river's mouth January 12, 1936, with her crew of 34. Poking her prow out of the Columbia seaward in a storm whose winds raged up to 90 miles an hour, the Iowa sank with all hands leaving only her masts to stick like tombstones above her burial ground.

## Motorship Sinks After Collision

PORTLAND, Ore., Feb. 17.—(AP)—The gale-swept Columbia river claimed the Italian motorship Feltre early today in a collision with the freighter Edward Luckenbach, which was aground on Cottonwood Island after the crash. The Feltre sank up to the promenade deck, an authoritative source said, and "at least" half the crew of 40 was rescued. Crashing as one of the worst storms in years swept the mouth of the Columbia with winds howling up to a velocity of 45-55 miles an hour, the two ships came together about 40 miles down the slowly-bending Columbia from Portland. What happened to the rest of the crew of the Feltre was not learned immediately. The 38 men in the crew of the Edward Luckenbach were reported uninjured. The Luckenbach's bow was reported stove in. The crash occurred as the tug warrior was towing the Feltre. The warrior stood by to render aid to the Feltre's crew and the coast guard cutter Onondaga was dispatched from Astoria, Ore. Visibility was poor. Reports at Astoria, some 80 miles farther down the river, said the storm blowing there was "by far" the worst of the winter and conditions were described as "terrible." Takes Off Half of Crew. The warrior was understood to have taken off half of the Feltre's crew. The Luckenbach was proceeding up-river to Portland and the Feltre was ocean-bound. The Luckenbach apparently crunched into the island after the crash and reports did not indicate she was in a serious position. Rain carried on the wing of a gale that blew the first few early morning pedestrians along Portland like so much straw blinded vision along the river. It was just such a night and somewhat worse when the freighter Iowa with 34 men poked its prow out of the Columbia river's mouth about a year ago and into bad leak and was sinking.

## Courthouse News

Dist. Clerk's Office.  
The following cases were filed:  
Lula Scott vs. Jacob Scott, divorce.  
Cecil M. Ashworth vs. Hantene H. Ashworth, divorce.

Probate Court.

One was fined for abuse of language by Judge McFadden.  
Sheriff's Office.  
Deputy Sheriff Jack Floyd went to Palestine Tuesday night and returned a man here to face an auto theft charge as a result of the theft of a new V-8 Ford from the Kerens Ford garage Monday night. The garage was burglarized officers reported.

Constable's Office.  
One was arrested for abusive language and one for overloading a truck by Constable Clarence Powell and Deputy Ocie Renfrow Tuesday night.

## Mrs. Pritchett of Roane Died Tuesday

Mrs. Sallie Pritchett, wife of F. H. Pritchett of the Roane community, died Tuesday afternoon at 6:30 o'clock.  
Surviving are her husband, six sons, Albert Pritchett, Longview; Jim Pritchett, Roane; Joe Pritchett, Roane; J. C. Pritchett, California; Clarence Pritchett, California; and G. W. Pritchett, Roane; and two daughters, Mrs. Viola Allen and Miss Jeannette Pritchett, both of Roane.  
Funeral services will be held Thursday afternoon at 2 o'clock at Campbell cemetery, where interment will be made.  
The rites will be conducted by Rev. T. Edgar Neal, pastor of the First Methodist church.  
The rites will be directed by the Sutherland-McCammon Funeral Home.

Kerens Personal Mention.  
KERENS, Feb. 17.—(Sp.)—J. H. Nelson of Overton made a business trip to Kerens Monday. Miss Mary Japlin of Henderson is visiting Virginia Crowley this week.

Ben Green of Shreveport, La., was the guest of Miss Louise Blissett Sunday.  
Mr. and Mrs. W. S. Price, Mrs. Sue Hemphill and Mrs. Jack Anderson spent Saturday in Waco with R. E. Price and family.  
Ford Ivey, Jr., of Trinity University spent the week end in Kerens with his parents, Mr. and Mrs. F. H. Ivey.

Mr. and Mrs. F. L. Seale and Mary Lois Seale of Corsicana were Kerens visitors Sunday.  
Mr. and Mrs. H. A. Qualte, Mr. and Mrs. Mid Westbrook, Mr. and Mrs. R. P. Walker and Mrs. J. R. Coates spent Friday in Dallas. Donally Watt of Louisiana was in Kerens Monday.  
Miss Anne Morton and W. L. Bain, students at N. T. S. T. College, Denton, spent the week end in Kerens with homefolk.

eternity. Gales sweeping across the river's end at velocities estimated up to 90 miles an hour caught the Iowa, swamped her in seas so tremendous it challenged the imagination and carried the staunch freighter and her crew to Davy Jones' locker in one of the most appalling disasters in Pacific coast maritime history.

## One Ship Sinks And Another Grounded

SEATTLE, Feb. 17.—(AP)—The Italian motorship Feltre sank in the Columbia river early today after being rammed by the freighter Edward Luckenbach, which grounded on Cottonwood Island 40 miles north of Portland, Ore., coast guard division headquarters here said.  
The coast guard cutter Onondaga, dispatched from Astoria, Ore., shortly after the Luckenbach ran aground early today off Cottonwood Island, about 80 miles up the river and 40 miles north of Portland, said: "Apparently the Luckenbach has been in collision with another vessel, the name of which is unknown."  
The Edward Luckenbach, an intercoastal freighter operated by the Luckenbach Steamship Company, was going up the Columbia river with about 1,300 tons of general cargo from New York, San Pedro and San Francisco. Under command of Captain Edward Murphy, she sailed from San Francisco for Portland Monday.  
She is almost twice as big as craft as the Italian motorship. The Edward Luckenbach has a net tonnage of 5,087 compared to 3,773 for the Feltre. The motorship, whose home port is Vancouver, is operated by the Liberia line. Her master is Captain Rainey. (First name not listed.)

Whole Wrecked Boat.  
YORIOHAMA, Japan, Feb. 17.—(AP)—Following a collision with an enormous whale, a 102-ton Japanese whale boat flashed an SOS today, reporting she had sprung a leak and was sinking.

## WALLACE

(Continued From Page One)  
be back in the tenant ranks," said Representative Coffey (D-Neb.) said a federal land-buying program would "sow the seeds of discord among tenants."

WASHINGTON, Feb. 18.—(AP)—Secretary Wallace brought to a congressional committee today his opinion that the far-reaching legislation proposals to aid 2,865,000 tenant farmers would not injure large land owners.  
"I don't subscribe to the doctrine that if you help the people at the bottom, you hurt the people at the top," Wallace told reporters. "In the long run you help everybody."

He was called before the house agriculture committee shortly before congress expected to receive from President Roosevelt a message recommending a crop insurance system.  
A third segment of his farm program will go to congress next week or two. It will be a presidential message suggesting a processing tax on sugar.  
The house committee's hearings probably will result in a recommendation to provide federal funds with which tenants can purchase farms on an extended payment plan.  
Wallace pointed out the farm tenancy committee in favoring the family-size farm had not suggested confiscation of large land holdings.

## CROP INSURANCE

(Continued From Page One)  
in applying the principles of crop insurance."

Too Large for Private Companies.  
The committee of federal officials who planned the insurance program told Mr. Roosevelt it was "too large an undertaking for private companies."  
They said the federal government could "well afford" to pay "administrative" and overhead costs for the plan to protect farmers against crop losses by drought and other "unavoidable disasters."  
Secretary Wallace, chairman of the committee, said the plan "would have the effect of storing up reserves of wheat in years of large crops and releasing them on the market in years of crop failure."

The insurance was not a "substitute" for any federal farm measures, he said, but rather "supplementary."

Estimating more than \$600,000,000 in federal funds had been expended in the last 10 years for distressed farmers who lost crops, the insurance committee said much of this would be eliminated by "nesting wheat farmers to assist themselves."

Wheat Crop Insurance.  
The committee report said "wheat crop insurance would probably find its greatest usefulness in the great plains states, where it is perhaps needed the most because of wide fluctuations in yield, and where most of the nation's wheat is produced."

It suggested the insurance plan be voluntary.

Federal officials estimated \$100,000,000 to \$150,000,000 would be needed to set up the plan and establish adequate reserves and pay necessary costs.

## CONFISCATION

(Continued From Page One)  
fund. This fund already has been enriched by more than \$1,000,000 from sale of confiscated oil.

Validity to Be Determined.  
Validity of the confiscating statute will be determined in appeals of the Ortiz Oil Company case and the skipper Vivens case. One of these is on appeal. The other is enroute to the appellate court.

"A very large expense," said the joint statement, "is imposed on the commission, the attorney general, and the taxpayers, in contesting lawsuits for the movement of unlawful oil into commerce, oil to which the state claims title under the confiscation law."

The confiscation suits were for the purpose of eliminating this expense, the statement explained. If upheld, the confiscation law will deter operators from producing excess crude, it was pointed out, because they will hesitate if given to understand they will not be allowed to move it, and that a valid law under which the state can seize the oil is on the statute books.

Pointing out the difficulty in distinguishing one barrel of oil from another, one of the chief difficulties in enforcing the confiscation measure, the officials said it was hoped the court will order the oil sealed off and placed under direction of the receiver who will receive active aid and assistance of the commission's agents.

They expressed hope a "public-minded" citizen would be appointed receiver.

## BRIDGE

(Continued From Page One)  
fought clear of the entangling net while holding onto the body of Dummitzen.

When of my friends are dead, Lambert said at a hospital, "I saw them die all around me and I couldn't do anything about it. When the stripper gave a funny shudder, I shouted to the rest of the fellows and jumped."

"I landed in the net. A moment later the net tore like tissue paper. Men were screaming. A piece of timber hit me on the head. I was almost unconscious. The icy water brought me to."

"A few seconds later I saw Dummitzen. I was afraid he was dead, but I couldn't take a chance. I don't know much more. I only know I keep hearing the cries of my friends."

Investigations were launched by the bridge builders, the state industrial accident commission, the San Francisco county officials of the Golden Gate bridge and highway district, which financed the world's longest suspension span.

## PROCTOR

(Continued From Page One)  
into, Pa., from 1884 to 1885; and then entered the local freight office of the Baltimore & Ohio in Pittsburgh, Pa., remaining there until 1888.

His first experience in the oil business came in 1888 when he entered the service of the Ohio Oil Company at Oil City, Penn., where he remained until 1898. From 1898 he served with the J. S. Cullinan Company, Corsicana Refining Company, and John Sealy & Company until the Magnolia Petroleum Company was organized in 1911.

He was elected treasurer of the new company on its organization. He was elected a trustee of the company in 1920, and became a vice-president in 1925.

He was active in church, Y. M. C. A. and civic work.

City Schools Will Have Holiday On Monday, Feb. 22  
Pupils in all of Corsicana's public schools will be given a holiday Monday, Feb. 22, Washington's Birthday. It was announced today by Superintendent W. H. Norwood. Classes will be dismissed at the customary time Friday afternoon and will not be resumed until next Tuesday morning. The holiday was regularly scheduled in the school calendar, adopted some time ago by the board of education.

## Committee Talks Over Banquet For County Athletes

Round table discussions pertaining to the proposed All-Athletes banquet, being sponsored by the YMCA in the near future, when Dana X. Bible, new State University coach, is scheduled to be the principal speaker, were held by the general arrangements committee Wednesday evening at the YMCA.

It is hoped to have all boys athletic teams in the county present, and have their official presentations of trophies, cups, sweaters, and letters made at the meeting. Co-operation of the county coaches will be enlisted for the final arrangements.

The possibility of changing the date from March 26, which is Good Friday, was discussed, and several tentative dates mentioned.
